FOURTEEN PAGES—FIVE CENTS

**THE TERROR GOES ON**—The tragic combination of Britain's repressive measures against rebellious Cyprus and the natives' retaliation brings scenes like this almost daily in Cyprus. In this case, a church, left, background, in Nicosia, was bombed by terrorists. A British soldier tends a seriously wounded comrade. The explosion killed one Briton and wounded at least a dozen other persons. In addition to guerrilla tactics against the British, Greek Cypriots are fighting fellow-countrymen of Turkish origin in what amounts to civil war.

## Commie Defines Party's Role In Presidential Race

CHICAGO (AP) — A Communist party official said Friday the party's role in the November presidential election will be "one of influencing policy-wise the course of both parties."

Claude Lightfoot, Illinois party secretary, said the main emphasis would be placed on influencing the Democratic party although the party would not endorse the candidate of either major party. Lightfoot, who is free on bond pending his appeal to the U. S. Supreme Court from a conviction for membership in the Communist party while knowing its aims at forcible overthrow of the government, said the party hopes to defeat "the GOP Cadillac Cabinet."

Lightfoot said the party's approach to the forthcoming election was contained in a report he prepared. It was adopted, he said, by the party's national committee at a recent meeting.

Lightfoot said his report stated that the Democratic party could not defeat the Republican administration with the "Johnson-Rayburn line of party unity with the Dixiecrats," the "Harriman-Truman line of attacking Geneva," and the "vacillations and retreats of Adlai Stevenson."

## 3 French Orphans Met At Airport By Foster Parents

NEW YORK (AP)—Three small orphaned French sisters arrived Friday to make a new home in a bewildering, big America.

They have been adopted by Mr. and Mrs. John C. McGuire of St. Louis, Mo., who met them at Idlewild Airport with an armload of dolls and toys.

But the airport excitement and crowds of onlookers were too much for Nancy Alice, 7; Monique Frances, 6; and Claudine Lorraine, 5.

As the airline stewardess presented them to the McGuires, the wide-eyed tots forgot their carefully coached English language greeting and said instead, "Bon Jour."

## Craft Unions Battle

### Eleven Injured In Job Preference Row

FLINT, Mich. (AP) — A jurisdictional dispute among craft unions over the right to install machinery in an auto plant flared Friday into a wild, head-cracking battle in suburban Grand Blanc.

Eleven men were injured and two of them were listed in a critical condition at Flint hospitals.

Before order was restored, Genesee County Sheriff Don H. Carmichael put in an emergency call for state troopers. They rushed with riot guns to the Fisher Body Division plant of General Motors Corp.

Troopers aided sheriff's men in guarding the entrances to the sprawling plant.

The plant, which formerly turned out tanks for the Army, is being converted to production of automotive body parts.

The AFL craft unionists involved in the fight are employees of Darin and Armstrong Inc., of Detroit, general contractor, for the conversion project. Members of the United Auto Workers or other Fisher employees were not involved.

The brawl started when 200 men invaded a section of the plant where machinery was being installed. They carried chains, pipes and baseball bats. Witnesses said they stormed through one section of the plant and in a few minutes had cleared the place.

The invaders chased workers outside into the parking lot. Some workers fled in their cars, others scaled tall wire fences to get away from swinging chains and bats. Police said many cars were damaged.

Carmichael said trouble among the craftsmen, all identified with the AFL and now also with the AFL-CIO, has been brewing for several months.

## Seek Bartender In Slaying Of Heiress

CARSON CITY, Nev. (AP) — A pretty, young Philadelphia heiress was found garrotted Thursday night in the apartment of a missing Carson City bartender.

A nationwide alert was broadcast Friday for the man. Sheriff Lester Smith listed the victim as blonde Mrs. Anne Harris Van Ryne, 22, an expectant mother. Smith said he would not declare a positive identification until her dental charts are received from Philadelphia.

But Atty. Prince Hawkins of Reno said: "I'm certain it's Anne Harris Van Ryne. Too much fits for it to be anybody else." Hawkins was her lawyer and had talked to her only last Saturday.

Fingerprints of the dead woman matched those on Mrs. Van Ryne's car and personal effects. Hawkins said the young woman was the daughter of Mrs. Elizabeth Flagler Harris of the fashionable Chestnut Hill section of Philadelphia and J. Andrew Harris 3rd, a retired aircraft executive.

She divorced J. Francis DeVinney of Philadelphia at Reno in the fall of 1954 and was married early this year to Thomas W. Van Ryne, 39, a toxicologist presently serving a jail term in Los Angeles for bad checks.

Being sought for questioning is William E. Boswell, 35, in whose apartment the woman's body was found stuffed into a closet. An offensive odor brought on the investigation leading to the discovery.

Sheriff Smith said the body apparently had been in the closet since Sunday or Monday night. He said Mrs. Van Ryne had planned to sell one of her three cars to Boswell and told friends Sunday she was going to his apartment to turn over the title.

Police in Kansas City, Mo., teletyped officers here they believe Boswell was seen there Thursday. He has a sister at Belleville, Ill., and a wife at Mid-

(Continued On Page Eleven)

Olander and Mrs. Voss, wife of Bernard, a vice president of the Minnesota Mining and Manufacturing Co., said they did not know the dead man.

Campbell's automobile, a 1954 two-door sedan bearing Louisiana license plates, was found across the street from the Olander home.

**DIVORCE GRANTED—BOATS BEFORE WIFE**—DETROIT (AP) — "If I'd been a boat I'd have been well kept," Mrs. Nettie Rea told the judge Friday in winning a divorce from her husband, Julian.

Rea spent all his money on boats, his wife said, and "he never named one after me—he named them for other women."

ST. PETERSBURG, Fla. (AP) — Sen. Estes Kefauver charged Friday that Adlai Stevenson had used former Gov. Millard Caldwell of Florida in a "smear and smile" campaign. He said President Eisenhower had used Vice President Nixon in the same fashion.

Striking hard in his fight against Stevenson for Florida's 28th nomination votes in the Democratic presidential preference primary Tuesday, Kefauver said:

"There's a remarkable parallel in this race in the attitude of Mr. Stevenson toward his delegate, Caldwell, and President Eisenhower in his attitude toward Mr. Nixon."

"Mr. Nixon makes a vicious attack on the Democrats which Mr. Eisenhower says he didn't read. Mr. Caldwell makes vicious attack on me which, although he (Stevenson) was sitting right behind him (Caldwell), Mr. Stevenson says he didn't hear."

Caldwell, a Stevenson delegate candidate, in introducing Stevenson to a Tallahassee audience earlier this week quoted from a Richmond, Va., News-Leader editorial which called Kefauver an "integrationist" and a "sympathant for the Negro vote."

Stevenson later disclaimed responsibility for Caldwell's remarks. Stevenson said it was probable that some of his Florida delegates did not agree with him on desegregation.

# Ike Calls Communism 'A Gigantic Failure'

## Frost Damages Spring Crops In Northeast

By THE ASSOCIATED PRESS

A late spring frost inflicted millions of dollars damage to crops in the Northeast Friday. Temperatures dropped about 20 degrees below normal to record lows.

Massachusetts estimated its crop loss at five million dollars, with half of it absorbed by Bay State apple growers.

Elsewhere in the Northeast, frost damaged such spring crops as tomatoes, beans, squash, sweet corn and cucumbers. Early morning temperatures plummeted to the 20s in many sections of New England.

Some warming occurred during the day in the Northeast.

Jamestown, N. Y., shivered in an unofficial 17-degree reading.

Elsewhere an area of precipitation extended from Kansas and Oklahoma southeastward into the South Atlantic Coast States. Locally heavy thunderstorms dumped 49 inches of rain on Oklahoma City and 55 inches at West Plains, Mo., during a six-hour period.

A tornado was reported near Albuquerque, N. Mex., while showers struck parts of the eastern section of the state.

In Idaho, the Kootenai River at Bonners Ferry began to fall slowly from its flood stage level of 36.8 feet. Nearly 16,000 acres of land have been inundated but the city itself is reported to be relatively free of danger. The river level was 1.3 feet above the previous record flood crest of 35.5 feet registered May 1954.

A strong wind carried warmer air into the Northern Plains and upper Great Lakes regions.

## McCarthy Says It's Imperative To Support Ike

MILWAUKEE (AP)—Senator McCarthy (R-Wis.) told Wisconsin Republicans Friday it was "absolutely imperative" to support the Eisenhower-Nixon ticket but that he would continue to "call the shots" as he saw them when he differed with the chief executive.

The junior Wisconsin senator, a frequent critic of Mr. Eisenhower, declared that "supporting the Republican party does not, of course, mean slavish, uncritical adherence to a party line."

"I shall never follow such an abstract course myself," McCarthy told the frequently applauding delegates to the state Republican convention.

McCarthy said earlier he would take no part in the convention fight over endorsement of a candidate for U. S. senator, in which Sen. Wiley (R-Wis.), seeking a fourth term, was the favorite.

Many of the top GOP leaders, with whom the 71-year-old Wiley long has been at odds, seemed to feel that if the endorsement went to anyone else, Wiley would run anyway and win. Endorsement means support of the party organization and financial aid in the primary.

**PRESIDENT ARRIVES AT GETTYSBURG FARM**—GETTYSBURG, Pa. (AP) — President Eisenhower arrived Friday night by plane for a weekend at his Gettysburg farm.

The President flew here from Washington immediately after his return from a speaking engagement at Waco, Tex. He stopped in Washington only long enough to change planes.

Mrs. Eisenhower came to the farm earlier in the day. The President's big four-engine plane, the Columbine III, landed in Washington National Airport at 7:02 p.m. (EDT)—just 12 hours and 6 minutes from the time he took off Friday morning for Waco.

He delivered a major foreign policy address at Baylor University's graduation exercises. The President switched to a light two-engine plane for the short flight to Gettysburg and spent only three minutes on the ground.

**GRANT TO CONGREGATIONAL CHURCH**—NEW YORK (AP)—The Fund for the Republic has made a \$31,400 grant to the Congregational Christian Church Council for social action to increase its educational work aimed at improving racial relations.

**GETS PRIZE CHICKEN** — President Eisenhower receives package of broiler chickens that won top honors in the Pennsylvania Junior Chicken-of-Tomorrow contest in which 735 farm youngsters competed. Making the presentation is contest winner George Facht, 18, of Kintnersville, Penna.

## Dulles Warns U.S. Estimate Of Soviet Threats Not Altered

WASHINGTON (AP) — Secretary of State Dulles directed his aides Friday to advise friendly governments that the United States has not altered its estimates of the Soviet threat despite talk of exchanging high level military visits with the Russians.

Dulles left Washington shortly after noon for a 10-day vacation on Duck Island, his Lake Ontario retreat near Canada. Just before takeoff he told newsmen he does not consider "too significant" a Russian invitation to some high level Air Force officers to visit Moscow in late June.

He said he understood there are "quite a lot" of these invitations to attend Soviet Aviation Day ceremonies on June 24 "floating around the world." In London the British government confirmed it had received such a bid.

But Dulles refused to comment on the possibility the United States Joint Chiefs of Staff might ever be invited to inspect Soviet armed forces. He said that was too speculative.

The whole subject came up for review in his talks with officials before he left the State Department.

The dominant view reported in the top level diplomatic assessment of the impact of an exchange of visits was that it might have some dangerously adverse effects on U. S. interests unless steps were taken promptly to keep policy lines clear with allied and friendly governments.

Dulles expressed the view that these steps should be taken. What the diplomatic policymakers feared was that a flow of military leaders between Washington and Moscow would be misinterpreted by allied and neutral nations. Some of them might decide the U. S. government was ready to become more friendly with the Soviet Union while counseling other nations not to do so.

On the Senate floor, Republican Leader Knowland of California took strong exception to any talk of inviting Soviet leaders Khrushchev and Bulganin to visit this country. Some such talk arose again in the wake of the military exchange overtures.

Declaring the present Russian hierarchy rose to power under the late Premier Stalin, Knowland (Continued On Page Eleven)

**Air Force Hurls Ejection Seat Off Cliff At 612 Miles Hour**

HURRICANE, Utah (AP)—The Air Force hurled a dummy and an airplane ejection seat off a 1,500-foot cliff Friday at 612 miles an hour.

The parachutes attached to the seat and the dummy failed to open, and the two objects shattered on the floor of the Virgin River Valley about 1,000 feet out from the bottom of the cliff.

The seat and dummy were launched from a supersonic military air research track, known as "Project Smart," shown to the press for the first time.

More than 100 persons watched the rocket-driven car hurtle along a track 12,000 feet long, and discharge the dummy and seat at the end of the track.

The seat ejected from the test vehicle was a standard model from the North American F86 jet fighter, modified to accept a 16-inch parachute for seat recovery purposes.

There have been faster runs over this track, according to officials of the Coleman Engineering Co., Los Angeles, which built and operates the facility.

In a mere speed run without testing the dummy or seat, the sled has traveled 1 1/2 times the speed of sound, or 1,140 miles an hour.

In another recent test, the dummy and seat were ejected over the cliff at about 950 miles an hour.

In that run, the dummy and seat disintegrated. The sled produced a sonic boom which rattled windows in farm homes more than a mile away.

The Air Force labeled the test run today the 39th since the facility went into working operation last July.

The main purpose of the project is to increase the reliability of the escape systems in jet planes.

## Sees Hope For Unity In Europe

WACO, Tex. (AP) — President Eisenhower said Friday European union seems nearer now than in centuries. He called communism "a gigantic failure" but said "even this mighty nation is not wholly immune" from its threat.

The President suggested private foundations and the universities of America join in helping free nations answer their educational needs by establishing science and cultural centers to promote world peace.

Speaking to 665 graduating seniors and 11,000 spectators at Baylor University's Commencement, the President said even where communism is dominant, men still dream of the day when they may walk "fearlessly in the fullness of human freedom."

The crowd interrupted Eisenhower twice for applause in his nationally televised 30-minute foreign policy address.

Awarding Eisenhower an honorary doctor of laws degree, President W. R. White of Baylor cited the President as "the leader of the forces of freedom" in war and peace.

"The whole free world would be stronger if there existed adequate institutions of modern techniques and sciences in areas of the world where the hunger for knowledge and the ability to use knowledge are unsatisfied because educational facilities are often not equal to the need," Eisenhower said.

Western European union, the President said, would provide "a mighty pillar of strength in the modern world."

"European union, one of the greatest dreams of western man, is nearer today than at any time in centuries, providing bright promise for the future of our European friends and for the growth and strength of liberty," the President said.

Eisenhower took time for a 30-minute conference with Texas Republican leaders headed by National Committeeman H. J. (Jack) Porter of Houston before leaving for Washington and his farm home near Gettysburg, Pa.

## MARGARET TRUMAN HAS LARYNGITIS

NEW YORK (AP)—Margaret Truman has a case of laryngitis, and is cancelling her scheduled television appearances for the time being.

"It's nothing serious," her husband, Clifton Daniel, assistant to the foreign news editor of the New York Times, said Friday. "She's not confined to bed. But obviously, with a bad throat, she can't perform."

In Hollywood, a National Broadcasting Co. spokesman said scheduled appearances there of Miss Truman on the George Goude TV show June 2 and on "Matinee Theater" June 8 were being postponed.

Daniel and Miss Truman were married last month.

## Weather Report

Friday's temperatures as recorded at the WLDL transmitter were as follows:

High was 73 from 3 to 5 p.m.; 6 a.m. 57; 10 a.m. 64; 5 p.m. 73 and 7 p.m. 68.

Sunset Saturday 7:21 p.m. (CST)  
Sunrise Sunday 4:33 a.m. (CST)

**THUNDERSHOWERS**

## Editorial Comment

### The Give-It-Away Approach

From time to time we hear it said that those who want to reduce our huge farm surpluses have the wrong approach. The critics would instead distribute them to needy folk both at home and abroad.

They are speaking, of course, from admirable humanitarian motives. But their proposals nevertheless betray a sad lack of real thought.

On the foreign front, for example, they commonly point out that there are millions of poverty-stricken people who cannot maintain even a minimum diet for good health.

There is no doubt of it. Yet the record will show that this country again and again has made loans or grants of money and food to people of other lands in distress. We are not in the habit of sitting idly by while famine and starvation stalk the earth.

It is quite another matter, however, to suggest that we use our rich food reserves in an effort to close permanently the gap between poverty and minimum healthy living for these people.

For the most part we could only accomplish that by outright gift, since the needy foreign nations seldom are able to undertake loan arrangements.

Thus we would be engaged in a vast project to subsidize minimum good living standards in many parts of the globe. Much as we want to see those standards raised, in fairness it cannot be asked that America, for all its resources, undertake so colossal and

burdensome an enterprise.

By the same token, we could not dole out our extra wheat and corn and dairy products to Americans whose living standards fall below a certain "optimum" level.

Under present law no one need starve in this country. Relief, unemployment compensation, aid to the indigent and other benefits cushion our people against the worst economic calamities.

But, once more, it is something entirely different to suggest that beyond this the nation should distribute surplus foodstuffs to the lower income groups to bring them closer to average levels.

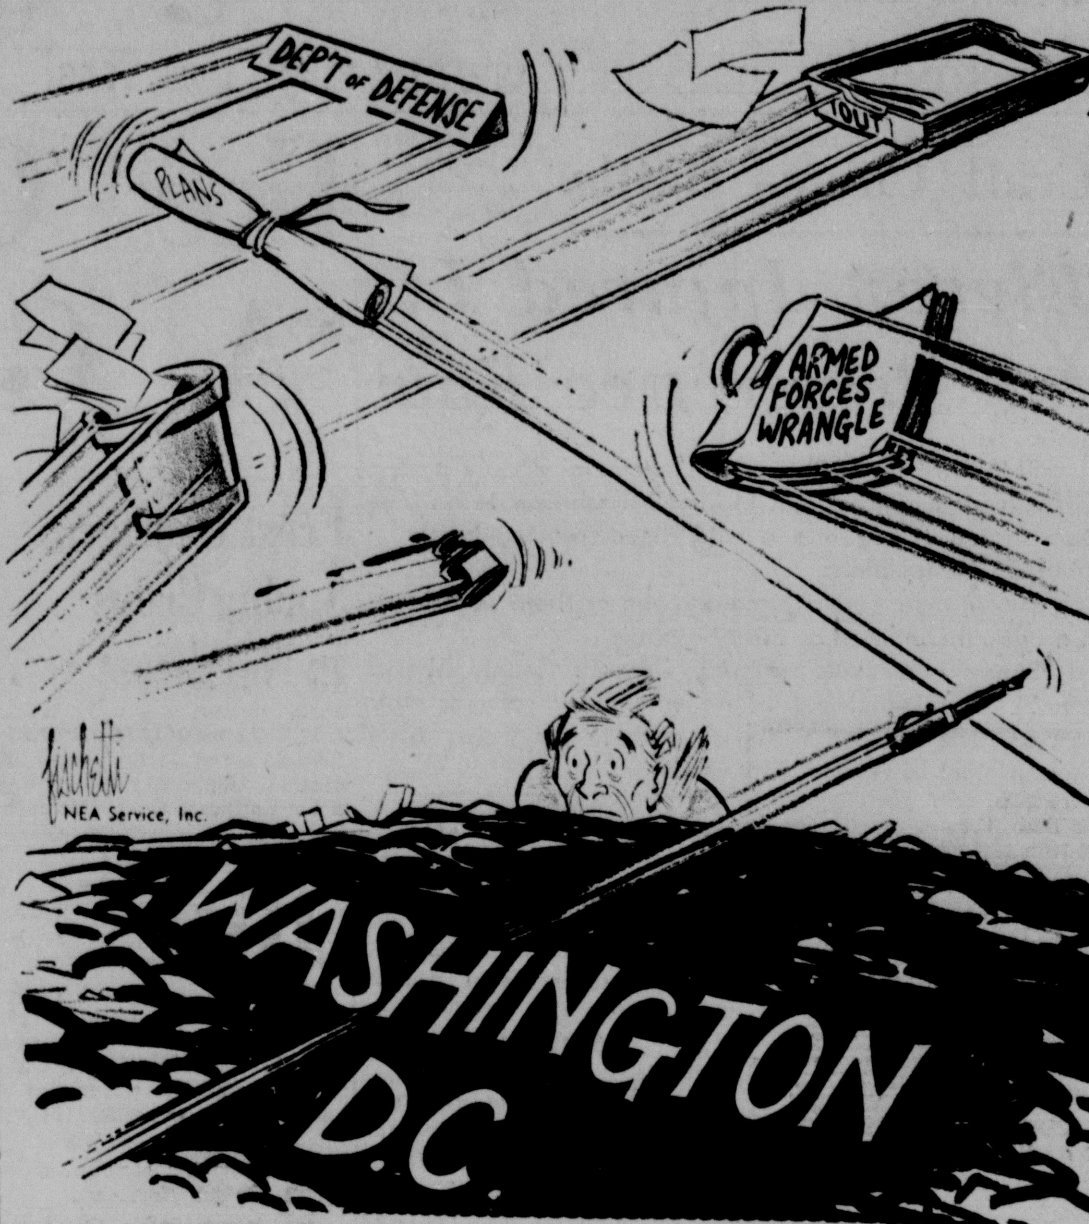

Everybody with a heart wants all Americans to be able to manage a decent, healthful living. But we can't just hand it to those who aren't yet managing it.

We can—and do—build a protective floor to prevent people from falling into the pit of distress. But we cannot erect ladders for them to climb higher. They have to build their own ladders.

This country has made astounding strides in lifting living standards. With continued development of new materials, new skills and new techniques, we will raise them further.

That is the only route to the humanitarian goals we seek. It is not a path lined with baskets of fruit already picked, ready for the taking. But it is the path which any self-respecting, resourceful people must follow.

## ★ DR. JORDAN ANSWERS ★

### MEAT TENDERIZER NOT DANGEROUS DESPITE HORMONES GIVEN POULTRY

BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

Today's first question should be of interest to every single one of us—except the vegetarians.

Q—Is there any possible harm to the human body from the substances used to tenderize meat? Now that hormones and antibiotics are given to fowl and meat animals so much, is there a hazard that these substances when eaten will produce any bad effects?—Mrs. B.

A—The two enzymes most widely used for meat tenderizing are papain which is derived from papaya which is itself edible and bromelain which comes from pineapple. Probably these enzymes merely supplement the partial digestion of meat from other enzymes which comes with the usual process of aging. The enzymes are broken down with cooking and inactivated by the acid solution in the stomach.

It is understood that hormones administered to poultry are controlled in such a manner that detectable quantities do not appear in the meat. Sometimes, indeed, the hormone is planted as a pellet in the neck in such a position that any remaining would be removed in processing the meat. Antibiotics in small quantities are sometimes contained in certain animal feeds, but present regulations in the United States do not permit detectable amounts to appear in the meat. It is understood that in only one instance has the use of antibiotics during processing been sanctioned and this is in the processing of ready-to-cook poultry under such conditions that none of the antibiotic remains in the cooked poultry. I think we can conclude that we are quite safe.

Q—I have had quite a bit of trouble this past winter with sparking which I believe is known as static electricity. Is it true that nylon clothing makes this worse?

A—I believe it is. At a meeting of the committee on hospital operating rooms of the National Fire Protection Association, it was decided that nurses could wear nylon stockings in the operating rooms providing they also wore electrically-conducting shoes. However, nylon garments which do not touch the skin are still banned from nurses in the operating room since they might generate static electricity which could touch off a dangerous explosion from the gases used in most operations.

Q—What is the cause and what can be done for heartburn?—Mrs. D. W.

A—In all probability most heartburn is the result of some of the gastric juice containing irritating hydrochloric acid passing upwards from the stomach into the tube above, known as the esophagus. It is not a sign of any single disease and indeed may be

present when no serious disease is present at all. If it causes sufficient difficulty, or if there are other symptoms of digestive disorder present, the cause and best method of handling it should be investigated.

Q—Does the heart become enlarged after a coronary thrombosis?

A—It CAN become enlarged for various reasons after a coronary thrombosis, but in many there is no detectable enlargement.

## In Hollywood

ANAHEIM, Calif. (AP)—Walt Disney, who once labored over a mouse, can now move mountains. And he's having the time of his life.

Nobody ever had a realm like Disney's. His sprawling wonderland for the young and old, Disneyland, is now getting ready to celebrate its first anniversary, and Disney is supervising a million and a half dollars worth of improvements.

It's an experience to tag along after the movie wizard — you have to hustle to keep up with him—as he surveys the park. He started in front of the city hall of the Main Street Circa 1890. Then away we go!

Disney strode straight through the towering castle of Sleeping Beauty and into Fantasyland. He walked to a construction zone where a huge whale gaped menacingly.

"This will be the canal boats of the world ride," he explained. "The boats will be made to look like canal boats of different countries, and they'll start the ride by going through Monstro's mouth." Then he climbed up a small hill and viewed what the canal boats will see. Craftsmen were meticulously creating miniature villages from Pinocchio, Alice in Wonderland, Three Little Pigs, Cinderella and other stories.

"Let's get that mountain higher," Disney suggested to a foreman. "And broaden out that canyon."

Disney took a swing around the riverways of the world, along which the steamboat Mark Twain plies. He gazed proudly at the huge boulders that dotted the shores.

Disney paused and explained why he was making the additions: "This is how I conceived the park at the beginning — a place that will constantly grow."

**PARK NAMED FOR MAMIE**  
DENVER (AP)—The City Council has named a new park for Mamie Doud Eisenhower, wife of the President. Denver is the home of Mrs. Eisenhower's mother, Mrs. John S. Doud, and has been a favorite vacation retreat for the President and the First Lady. The 209-acre park is in the center of a new development of family homes.

## The World Today

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The Russians' campaign to look peaceful is having an effect in Congress—although Secretary of State Dulles seems to dread the thought anyone will believe them.

No matter how sincere the Russians are, their efforts are aimed at getting results either directly or indirectly. In the case of Congress the result was indirect.

On Tuesday — nine days after Moscow said it would reduce its armed forces by 1,200,000 men—the House Foreign Affairs Committee voted to cut \$1,109,000,000 from President Eisenhower's requested \$4,900,000,000 foreign aid program. That isn't final — both the House and Senate will act later.

One billion dollars of the chopped money would have been for military help to American allies and friends, the rest for economic aid.

One of the reasons for the committee vote was given by the chairman, Rep. Richard (D-SC): a "seeming lack of interest" in France toward Allied military preparations and a trend in British toward reduction of the total British defense program. He gave other reasons: such as the seven billion dollars left over from money previously voted for foreign aid.

A year ago Dulles had publicly stated he was afraid any general belief in Russia's peace campaign would weaken the desire of this country's allies to stay armed and Congress' desire to vote foreign aid funds.

He threw cold water on the Russians' announcement of their military cut last week. He was busy doing the same Tuesday just about the time the committee was making up its minds Eisenhower didn't need all the aid money he had asked for.

It's hardly likely members of Congress would take a chance on the military aid Eisenhower requested for the Allies if they feared war was imminent.

The British have been doing what the United States itself has done as technological progress with new planes and weapons put more emphasis on air power: reducing the size of their armed forces.

Eisenhower said Wednesday the Russians seem to be doing the same thing now: "streamlining" their forces.

In January 1953 this country had 3½ million men under arms; today it has 2,800,000. In 1953 Britain's armed forces numbered 870,000; Britain plans to have 700,000 in 1958.

France apparently takes more seriously its troubles in Algeria than its fears about Russian attack. It has withdrawn three of its five divisions in the North Atlantic Treaty Organization in Europe for service in North Africa.

In the British Parliament more than 50 Laborites praised the Russian move, said the Russians wanted peace, and declared the Soviet competition was now political and economic but no longer military.

## A Glance Into The Past

### 10 YEARS AGO

One hundred and seventy students graduated from Jacksonville High School.

Dr. T. O. Hardesty of Jacksonville completed 50 years of medical practice.

Donald Lloyd, 11 year old Alexander boy, was slightly injured when a tractor he was driving overturned.

### 20 YEARS AGO

A steeplejack, Fred Wright of Muskogee, Okla., repaired the steeple of the State Street Presbyterian church.

All stores in Jacksonville were closed on Memorial Day.

### 50 YEARS AGO

The Great Mundy - Whitney Shows featuring "Devilo" looping the death trap loop were engaged for the Jacksonville Spring Festival.

State's Attorney Bert VanWinkle started a fight against "bucket shops" in Jacksonville. There were five of the grain and stock commission firms operating in the city.

The water pipeline of the Jacksonville Waterworks company had reached the creek bottom near Markham.

R. W. Dodsworth leased his livery barn on East Morgan street to A. J. Ferguson and James Terry.

## ★ EDSON IN WASHINGTON ★

### Government Hard to Pry Out of Business Fields

BY PETER EDSON

NEA Washington Correspondent  
Washington (NEA)—Some of the funny businesses operated by U. S. government agencies don't look so funny when an examination is made of why they were created and why Congress has appropriated money year after year to keep them going.

Budget Bureau's first inventory of commercial-type enterprises run by the government shows nearly 20,000 now in operation. This report will be seized with gusto by private business organizations. They have been trying to get the government out of competition with them for years, without knowing exactly what they were up against.

Now they should know. Eliminating government civilian agencies from the field of private business may prove just as difficult as getting this competition out of national defense. After three years of trying, Dept. of Defense has been able to close only 32 commercial-type enterprises out of its 662.

There are two principal roadblocks. Congressmen oppose liquidating these enterprises because that takes government payrolls out of their districts.

Also, certain arguments can always be made for their continuance. For instance, there are 117 farms operated by Veterans Administration. Dept. of Justice and of Health, Education and Welfare.

Most of them are VA farms operated for rehabilitation of sick and wounded veterans. The DHEW farm provides occupational therapy for patients in government hospitals. For the same purpose, DHEW even runs a golf course.

Dept. of Justice farms are operated by Bureau of Prisons to give convicted criminals work and also to raise food for their own upkeep. Federal Prison Industries also operate 34 of the 305 manufacturing establishments in government civilian agencies. Two of them can fruits, vegetables, soups, jams and

lollies. Nearly half—46 per cent—of all government commercial activities are in transportation and storage services.

Dept. of Agriculture's 4,500 grain storage installations for surplus crops account for most of this. It is a 200-million-dollar investment to store over eight billion dollars worth of surpluses.

It may not make much sense, but it's authorized by law and considered necessary for maintaining the farm economy.

The Government runs three railroads, 49 water, 154 air transportation services, plus 4,753 trucking and warehousing operations.

General Services Administration has a 34-million-dollar warehousing business to stockpile strategic materials considered necessary for national defense.

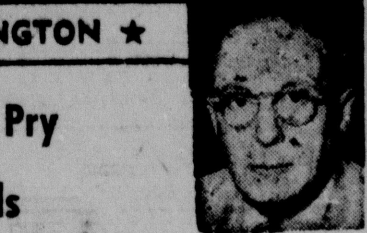

The U. S. Post Office Dept. with 8,000 custodial services, is the largest janitorial operation in the country. But how cut it down?

The department now operates at a 500-million-dollar-a-year deficit. It could be made to break even by raising postal rates, but Congress won't go along on that.

Armed services post exchanges and commissaries aren't included in this inventory. But aside from them, the government operates 13 wholesale establishments, mostly to supply Veterans Administration hospitals.

Of the government's 238 laundries, 142 are at Veterans' hospitals. There are 498 government auto repair services and garages. The theory on which the government runs these establishments is that it is cheaper for Uncle Sam to do it himself than to let some private contractor do it.

From the taxpayers' standpoint, that will have to be the ultimate test on how many of these 20,000 commercial-type businesses can be liquidated.

## American Menu

### Americans Can Discover Regal dish In Famous Boeuf Bourguignonne

BY GAYNOR MADDOX

Boeuf bourguignonne is a famous French beef stew. We asked Louis Vaudable, proprietor of the internationally famous Restaurant Maxim's in Paris, to tell our June brides how to prepare it as the French do. This is what Monsieur Vaudable, now visiting the United States, told us:

For six servings, use two pounds of top round of beef, cut into two-inch squares. Peel a dozen white onions; wash a dozen small mushrooms; pare, then dice three carrots.

Into a Dutch oven, or a deep saucepan with a close-fitting cover, drop three tablespoons of butter, or a half dozen one-inch squares of salt pork. When melted and hot, add the beef. Saute until browned nicely on all sides. Now if you like, warm three or four tablespoons of brandy in a small fire. Light (carefully) with the brandy and pour it over the beef. Let it burn out. (This improves flavor even more.) Then remove it from the Dutch oven, stir in the same fat in which you browned the beef, saute the vegetables.

Now return the beef to the Dutch oven. Cover. Simmer gently two hours. Add the vegetables. Cover. Simmer one hour longer.

Remember Boeuf Bourguignonne when you want something special for a party. Tastes even better if sauced with a you make it the day ahead and match, and pour it over the beef. Let it burn out. (This improves flavor even more.) Then remove it from the Dutch oven, stir in the same fat in which you browned the beef, saute the vegetables.

Now return the beef to the Dutch oven. Cover. Simmer gently two hours. Add the vegetables. Cover. Simmer one hour longer.

Remember Boeuf Bourguignonne when you want something special for a party. Tastes even better if sauced with a you make it the day ahead and match, and pour it over the beef. Let it burn out. (This improves flavor even more.) Then remove it from the Dutch oven, stir in the same fat in which you browned the beef, saute the vegetables.

Now return the beef to the Dutch oven. Cover. Simmer gently two hours. Add the vegetables. Cover. Simmer one hour longer.

three tablespoonfuls flour and brown it. Then stir in ¼ cup bouillon and ¼ cup burgundy. Cook until slightly thickened.

Now add your choice of seasoning. For tomato, stir in a teaspoon or two of tomato paste, no more. If you prefer herbs, add a pinch of marjoram or thyme or both instead of tomato. Don't add more. Remember that it is easy to add more if you like, but not at all easy to correct seasoning when too much has been added.

If you like, you may also add ¼ cup frozen Marchand de Vin sauce that has been heated in a small saucepan.

Now return the beef to the Dutch oven. Cover. Simmer gently two hours. Add the vegetables. Cover. Simmer one hour longer.

## Thinking It Over—

By Robert L. Diefenbacher, D.D.

A tiny mouse frightens some people more than a serious impending danger.

Occasionally a woman will scream at the sight of the little creatures playing hide-and-seek under the furniture or behind a half-closed door. Girls have been known to faint when the little fellows run over the toes of their shoes.

These same fearful people will remain calm in the face of tragedy which could be much more serious than the presence of these little elusive creatures.

A few weeks ago many people sat strapped in their airplane seats for several hours while buffet tables tossed their planes about like corks on an angry sea. We flew several hours beyond the scheduled time while on the ground tornadoes ripped houses from their foundations and trees were torn up by their roots.

No one was comfortable on the planes. Many were sick but all were relatively calm. There was no one screaming. No one was in hysterics even when the motors rumbled to the wings pulled at their moorings and appeared ready to fall off.

Why did the calm exist in the midst of serious danger in contrast to the hysterical reaction in the presence of a mouse?

In the plane, there was prayer to God for protection from death and accident. In the presence of the mouse, no one called on God. There is a difference when people pray, even if only one or two are praying.

### SANITARY RENT

CLEVELAND, Ohio (AP)—Landlord Andrew Hibyan found a way to make his four tenant families keep their apartments clean. "I got tired of running down to city hall for sanitary violations, so I told the families their rent would be raised \$2 a week until the last fine, \$32, was paid."

## • BARBS •

BY HAL COCHRAN  
A preacher says a pleasant smile goes a long way fast. But it's easy to catch it.

We prefer to duck eating places where you can guess what's on the menu by looking at the front of the waitress' dress.

It's funny how we always have to wait until we catch a cold to do it.

I shall go to Chicago with only one preconceived notion about the (Democratic presidential) nomination—that it won't be me. Let the forces of moderation take control at Chicago and we can write a platform on which both Sen. Lister Hill of Alabama and Sen. Herbert Lehman of New York can run together for reelection.

Sen. Lyndon Johnson (D-), following his smashing victory in Texas over Governor Shivers.

It's that time of the year when a fellow can be sick enough to stay home from work but plenty well enough to go fishing.

### DRIVING PREACHER

HUGO, Okla. (AP)—A 34-year-old drivers' license examiner with the Oklahoma Department of Public Safety has been busy since February combining his present job with newer duties as a minister.

R. J. Brown is looking forward to an even busier schedule as he prepares to further his education in the ministry. One of his problems was solved when a friend offered to pay his tuition for a session at Oklahoma Baptist University, Shawnee.

Active in church work since the age of 16, Brown was ordained as a minister last February and since has served as full-time pastor of Oak Grove Baptist church.

Germany's new luxury trains have hot and cold running water and electric kitchens.

**JHS Class Of 1936 Will Hold Reunion June 30**

Members of the Jacksonville high school class of 1936 are completing plans for a class reunion on Saturday evening, June 30. Plans call for a dinner meeting at the Dunlap hotel.

All but 12 of the class have been located and announcements of the reunion plans will be mailed to members in a few days.

Members not receiving an announcement can contact any of the following members of the committee: Miriam Cowgur Allen, Mary Hills Roberts, Esther Ward Highfill, Nedra Taylor McCurley, Helen Conlee Curtis, A. Rex Fearneyhough, Thomas Eades, Bob Hamm, Elmer Luke-man, Lynn L. Ferguson, Frances Moxon Western, Jeanne Rantz Rammekamp and Jim Buckley.

Any maple sugar in the house? Shave it over the morning oatmeal. Small fry will go for this combination.

**Interpreting The News**

By J. M. ROBERTS  
Associated Press News Analyst

The Russians, who used to be considered so backward, must feel pretty good in these days when every little thing they do sends the Western world into a tizzy. They are going to have an air show over there next month, and they're inviting outside experts to come take a look at what they've accomplished. The outside experts are flabbergasted.

When the Russians didn't have an air show on May Day, as usual, the diplomats got out their crystal balls and guessed it was a part of the Kremlin effort to de-emphasize military power in connection with its smile offensive.

It may have been merely that they skipped it in favor of the forthcoming, bigger show.

From time immemorial nations have staged military displays of one sort or another in order to impress others with the power behind their diplomatic policies.

That's what the Russians are up to now.

They recently reminded Britain by sending an ultramodern jet airliner to London, about how short the bomber route is between the two countries. It would not have been politic to send the bombers. Now they are inviting everybody in to see for themselves.

There apparently is some fear in Washington of what might happen, since if the invitation is accepted the Russians undoubtedly will expect reciprocity.

We'll, what could happen, unless the American experts are afraid the Russian show will be more impressive than the one they can put on?

If a couple of Russian observers had been taken along to Hiroshima in 1945, Moscow might not have stepped so high and wide in taking advantage of Western demoralization of ground armies immediately thereafter.

No matter what American military observers might see in Russia, they are not the type to crawl in a hole and pull it in after them. They might see enough to pull them a little more up on their toes.

**Eureka Student Will Be Chapin Church Speaker**

CHAPIN — Marvin Newhaus, ministerial student of Eureka College, Eureka, Illinois, will occupy the pulpit in the Christian church at Chapin next Sunday morning, May 27.

The church worship service begins at 10:30 o'clock, which is preceded by the Sunday church school at 9:30 Standard Time.

Miss Patsy Crews is superintendent, William R. Fisher is song leader for the church.

Scholastically Mr. Newhaus is one of the top ranking students in Eureka. A free will offering will be given to help defray his expenses.

Every one is invited to attend these services.

Mr. and Mrs. Richard Schultis and children of Omaha, Neb., were weekend guests of his parents, Mr. and Mrs. F. W. Schultis.

Ellis Newhaus is a patient at Passavant hospital.

**Alvin Cormeny Named Assistant At Maryland U.**

Announcement has been made by the University of Maryland of the appointment of Alvin B. Cormeny as assistant to the president of the University of Maryland for endowment and development. This is a newly created position at the University.

Cormeny, well known in Jacksonville, will head the new program and will seek to obtain additional funds for scholarships, research, distinguished professorships, endowment and special projects.

Cormeny goes to the University from the Arma Division of the American Bosch Arms Corp. of New York City where he was correlator of customer relations.

A native of Springfield, Ill., Cormeny obtained an A.B. degree from Illinois College in 1933. He was graduated with an L.L.B. degree in 1936 from the Cornell Law School. He has previously worked with the New York Ship Building Corp. in Camden, N.J. serving with the general counsel's staff and later with the administrative staff and was made vice-president in charge of public relations and customer relations. In 1933 and 1934 he was president of Worcester Polytechnic Institute in Massachusetts. During World War II he was commander of the Landing Craft Infantry in the Pacific Theater.

In addition to having served on a number of industry-government advisory boards, he is a member of the board of directors or trustee of the South Jersey Manuf. Assn., the Shipbuilders Council of America, the Camden Co. Community Chest, and the Camden Chapter of Red Cross.

# THE CALL TO THE LIVING

A cross—a hundred crosses—marking the graves of men who died in the service of their country. But why a cross?

Is this the symbol of our gratitude for the sacrifice they made for us? It is not!

Is this the emblem of democracy and freedom in whose cause they laid down their lives? It is not!

But this is the symbol of a crucified and risen Christ. The One who unfolded for mankind the truth of God's love, the truth out of which democracy, freedom, and sacrifice have come.

The cross on a soldier's grave is a call to us—a call to the living to fill our churches. It is a call to serve with eager and sacrificial devotion the Lord whose Truth men have died to preserve.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	26	36-42
Monday	Matthew	27	32-44
Tuesday	Matthew	27	45-56
Wednesday	Matthew	27	45-56
Thursday	Deuteronomy	31	4-18
Friday	Deuteronomy	31	6-13
Saturday	Matthew	16	24-28
	Isaiah	2	1-5

## Building Real Estate Home Improvements

### TIPS ON LOW COST HOME COOLING

The growth in popularity of air conditioning has helped to increase the use of fans as well. Even homes with room coolers or other air conditioning equipment need fans for greater comfort and more efficient operation of their installation. Fans can be used along with air conditioners in a number of ways as you can see by the diagrams.

A small fan will aid distribution of chilled air by giving more rapid circulation. In some cases, fans help overcome poor air distribution caused by unfavorable location of the room cooler, by circulating conditioned air into "dead spots." Thus a uniform temperature is maintained throughout the room. Fans provide live, circulating air in the conditioned space, causing the room to feel cooler.

### MODERN KITCHENS ARE CLEARED BY EXHAUST FANS

An exhaust fan to carry away smoke, grease and heat of cooking is almost a must these days, most home planners feel.

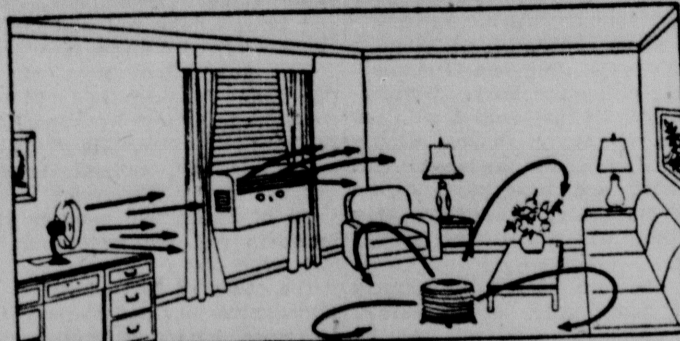

There is a special need where open planning includes the kitchen with her rooms. But any kitchen can be more pleasant if it has a fan.

You'll find that wall cabinets are available for any size fan you choose. Steel hoods connected with the fan usually are used over the range and fumes are drawn out through a wall duct.

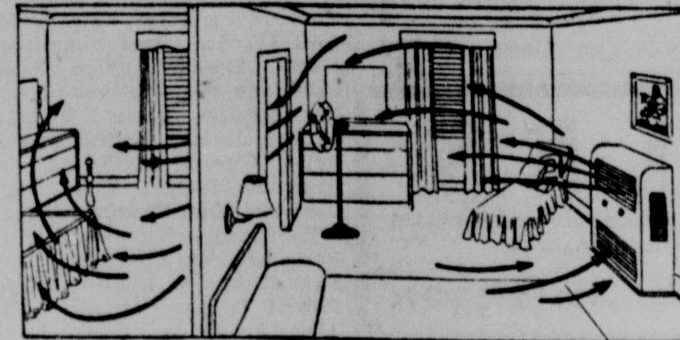

The hoods and fan cabinets are built to match the rest of the kitchen and frequently add a decorative touch.

**EXTENDING THE RANGE OF COOLING UNITS**

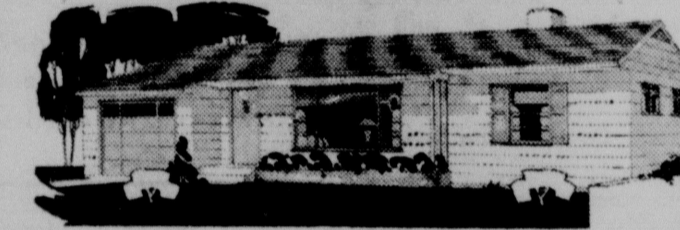

In moderate weather, a fan can be used to extend the utility of a room air conditioner so that its effect can be felt in more than one room, by circulating the air into a second room. Just open the door and direct the fan so that it blows the cooled air into the second room.

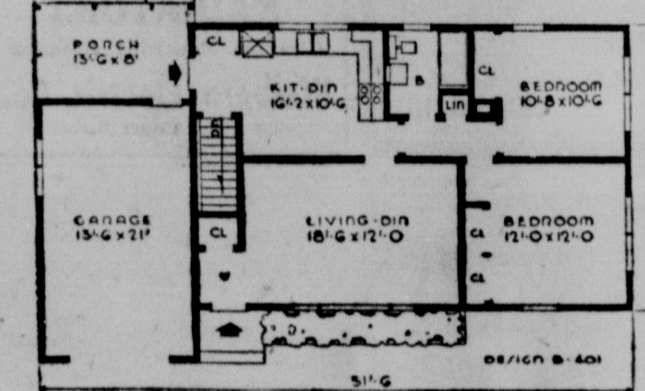

Small fan can be used with room air conditioner to distribute conditioned air into "dead" spots.

Fan extends "reach" of room air conditioner by circulating already conditioned air into second room.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-401

**DESIGN B-401.** The exterior design calls for low roof lines, wide eave overhang, brick planter, picture window, wide siding and asphalt shingles. Floor plans show two bedrooms with wardrobe closets, bath, combination kitchen-dining room, living room, attached garage and porch.

The screened porch overlooks the garden and is shielded from the street by the garage. Installation costs are reduced by grouping the kitchen, bathroom and laundry piping in one wall. In addition to the wardrobes a linen cabinet and two coat closets are provided. Floor area is 912 square feet, with cube of 16,872 cubic feet, not including the garage and porch but including a full basement. For further information about DESIGN B-401, write the Small House Planning Bureau, St. Cloud, Minn., in Canada, the Small House Planning Bureau of Canada, St. John, New Brunswick.

## Now Is Time To Check, Fix Oil Furnaces

Tired as you are of fiddling with the thermostat, paying gas or oil bills or shoveling coal, now is the time for foresighted homeowners to put their heating systems in order for next winter.

In most cases only a few minor repairs are necessary, and a checkup during the early summer months can result in savings that will more than compensate for the cost of service. For one thing, most heating men are not swamped with "rush" work during the summer months. Many of them offer special hot weather rates to keep their workmen busy.

This is especially true if your home is one of the more than 15,000,000 in this country heated with oil.

Oftentimes, only minor adjustments are necessary. However, if your oil burner is old, it might be well to look into some of the newer accessories that have come along recently to improve its performance.

If the burner is the gun type, you can be almost certain that it isn't obsolete and doesn't need replacing even if it doesn't work well. Research by one heating equipment manufacturer, the Webster Electric Co., which makes fuel pumps for nearly all makes of oil burners, shows that 85 per cent of all service calls are the result of clogging of the strainers or filters.

Checking of the filter cartridge at the outlet from the oil tank to see if it should be replaced and cleaning of the strainer in the burner unit are inexpensive and simple procedures that should be done each year.

Other important check points are the nozzle, pump, ignition transformer and fan motor in the burner unit. The transformer and the motor especially are vulnerable, since flooded basements common in the spring can damage them severely.

The transformer should be replaced, but it's considerably cheaper to have the motor rewound than to pay for a new one. The repaired motor will work just as well.

If your boiler has a "zoot soot" your heating unit definitely needs a thorough check with the special testing equipment all good heating specialists have available. Soot is an insulator and interferes with the efficient distribution of heat.

### FANS AID IN ECONOMY OF OPERATION

Fans may be used to create comfort during those hours of the day when neither air cooling nor dehumidification is necessary. The daily use of proper types of circulating and exhaust fans will shorten the operating time of the air conditioning unit, and reduce its operating cost.

### IN EXTRA HOT WEATHER

Since the size of the room air conditioner purchased is usually determined by normal heat load conditions, there may be times when more circulation is required—such as when a large group of people is present, or during the hottest hours of the day. At such times, a fan or air circulator will provide additional relief.

Ever add a crushed garlic clove to mayonnaise? Good with fish.

## Quiz To Jog Memory Will Help Planning

Planning for your kitchen depends on the habits of you and your family. It is sometimes hard to remember all the personal problems that should be considered in arranging a kitchen that will become a permanent part of your home.

Planning experts of one kitchen manufacturer have prepared a series of questions to jog your memory.

What are they?

What is the size of your family?

Are you thinking in terms of a meal-getting kitchen, or one that also offers the space for family-centered living?

What extra activities would you like to have in your kitchen?

Do you frequently serve lunches or snacks?

Will more than one adult frequently help with meal preparations?

What are your entertaining habits?

How often do you shop for food?

Will "company" china and flatware be stored in your kitchen?

Will you have a conventional range or built-in units?

What small appliances will you use?

Will your future storage needs change?

What height is a comfortable reach for you?

What general kitchen plan do you favor—I, H—, L—, or U—shaped?

Will you have an automatic dishwasher? If not now, later?

Will your kitchen be the storage space for general household cleaning tools?

Do you contemplate a "home management" desk in your kitchen?

Buy U. S. Bonds Today

## MODERN KITCHENS

## Costs Less Than You May Think

Do you think a new, modern kitchen will cost too much? Some of the best financial brains in the world have studied that question. In many cases it costs more to keep an old wreck of a kitchen than to put in a new one, they say.

Here is the way they figure it.

A modern kitchen is an investment. You don't buy goods which you consume quickly and throw out. You improve your house. You add value to your home which can be greater than the sums of money you pay.

You can quickly check the facts with your bank, your loan company or your cabinet dealer. Men who know finance respect the solid values behind permanent kitchens. They back that respect with hard cash in the form of loans.

Many Ways To Pay

You have a number of ways to pay for your new kitchen. If you have extra cash, the experts will tell you that such a kitchen is a sound place to put it. If you need financing, the solid values will stand behind the advance, and you can pay it back on terms that will fit your monthly budget.

Some people prefer to get the money from a bank or loan company. They have experts to advise you how to handle the deal. Your dealer, too, can arrange time payment plans. He can show you how kitchen values will remain after the payments are completed. They are a form of saving.

If you are building a new home.

you can arrange to put the cost of a kitchen in the mortgage. The arrangement usually is called a "package" mortgage. But you pay over the entire term of the mortgage and usually there is no extra down payment for the kitchen.

**Open End Mortgages**

Home improvement loans for kitchens, usually may be paid over three years, although there may already be a mortgage on the home. Banks and cabinet dealers can give you the details. There are also open-end mortgages. Under that plan you can add the kitchen costs to your current mortgage. There are two types. In one, the amount of the monthly payments is increased. In the other the payments remain the same.

**TO REDUCE NIGHTTIME HEAT LOAD**

When the outside temperature drops at night, warm air from adjacent connected rooms may be expelled by fans—drawing in cool outside air. This will reduce the heat load and extend the benefits of air conditioning.

## Forecasts 200,000 Jobless Average For Michigan

DETROIT (AP)—Michigan's unemployment probably will average 200,000 — one-twelfth of its labor force — for the remainder of the year, the Michigan Employment Security Commission said today.

Current jobless rolls stand at 220,000, with 128,000 of the total in the metropolitan Detroit area, which has been declared by the federal government a region of "critical unemployment," along with Flint and Monroe.

Henry Ford II, president, told stockholders of the Ford Motor Co. at their first meeting Thursday that the automobile business is likely to get worse before it gets better this year.

Leonard Woodcock, vice president of the United Auto Workers in charge of the General Motors Division, estimated 90,000 GM workers now are idle and predicted the figure would go past 100,000 by the end of June.

There were two bright economic spots, however.

All auto, aviation and farm equipment workers, except those at Chrysler Corp., will get a 7-cent hourly wage increase June 1. Chrysler workers got a 6-cent boost April 1 and will get only one more penny a week hence.

One cent of the increase is to compensate workers for the increased cost of living. A 6-cent hourly increase is provided annually to compensate workers for technological advancements that provide less costly and more efficient production.

The new 7 cents will raise to approximately \$2.19 hourly the average pay of auto workers still on the job.

The Army's Ordnance Tank Automotive Command announced it planned to award more than 65 million dollars worth of defense contracts in the Detroit area in the next month.

Lt. Col. Samuel M. Burney, procurement and production chief of the command's industrial division, said the orders have "absolutely no connection" with federal action making the three cities eligible for preferential treatment.

He said the pending contracts were "in the mill" before the designation was made.

Ford told his stockholders that retail sales of automobiles will be down and profits substantially lower than last year, but he termed prospects for the future "particularly bright."

The state employment commission predicted Michigan's peak employment will come in late July or early August, periods in which automakers are expected to begin recalling workers for 1957 model production.

**Tell Pittsfield Baccalaureate, Graduation Dates**

PITTSFIELD—Baccalaureate services for graduates of Pittsfield Community high school will be held in the auditorium of the school Sunday night beginning at 8 o'clock, with the Rev. Dale E. Pitcher of the Methodist church delivering the address, assisted by other ministers of the city.

There are 83 members in the class.

Graduation exercises will be held Tuesday night, May 29, also in the auditorium of the school, with Allen Leflin, public relations director of Western Illinois State College, delivering the commencement address.

**Lions Name Officers**

Newly elected officers of the Pittsfield Lion's Club will assume their offices on July 1 are: president, Louis Grigsby; 1st vice president, Gunnar Clausen; 2nd vice president, Don Sloan; 3rd vice president, Gerald Shaw; secretary, Allen Metternich; treasurer, Don Giger; lion tamer, Merle Lee; tail twister, Wayne Willard; directors for two years, Tom Troutner Jr. and Russell Keys.

**Live Polio Virus Sniffs In Plane; 12 Immunized**

BALTIMORE (AP)—A container of live polio virus, apparently broken when an airport cargo handler dropped a crate, leaked out its contents in an airplane Thursday night. Some swift telephoning brought quick action to immunize all those endangered.

The plane was a Capital Airlines DC4. It took off from Washington with four boxes packed with the virus for delivery to Johns Hopkins Hospital. An airline spokesman in Baltimore said a cargo man dropped the crate in Washington but the damage was not detected until the plane landed at Baltimore's Friendship International Airport.

The cargo was removed at Baltimore, but the plane took on 22 passengers at Friendship and left for Pittsburgh before airline personnel realized the seriousness of the accident.

A swift relay of calls—including one to Dr. Jonas Salk, originator of the Salk polio vaccine—brought quick action.

Seven cargo handlers received protective shots at the airport first aid station. Three stopped at hospitals enroute home from work and got shots.

The pilot, copilot and hostess were also given injections. They were Capt. Edward A. Tappe, Silver Springs, Md.; co-pilot R. S. Hurley, Arlington, Va., and Miss B. A. Miller, of Alexandria, Va.

Doctors supervised decontamination of the plane at Pittsburgh and of loading equipment where affected.

Airline officials said passengers were not exposed to the virus.

The virus was being shipped from Parke Davis Co. in Detroit.

**A PLANNED PROGRAM FOR YOU THIS SUMMER STARTS JUNE 4**

You can make your Summer months pay big dividends, by mastering office skills.

If you are an undergraduate, and don't expect to include typewriting in your high school schedule, you can learn it in Summer School.

If you are graduating, and did not take the commercial course, you can get a head start in Summer in a Secretarial or Accounting Course.

If you plan to go to college, shorthand and typewriting will help you to get better grades, and to hold a part-time office job.

If you took the commercial course and would like advanced training to increase your speed and learn additional business subjects, Summer training will qualify you for greater opportunities.

If you are a veteran you can prepare in 48 to 96 weeks for a career in Accounting or Business Administration.

Visit school for information.

"Okay, now let me see YOUR tonsils!"

CARNIVAL By Dick Turner

"Will Senator Smelt foil the evil forces working against him? Will he bring order out of chaos? Will his brother-in-law stay on the payroll? Tune in next week for another true life adventure from the nation's capital!"

**SUPER RED HELICOPTER**—The Russians may have out-distanced the rest of the world in airborne troop movement. According to True magazine, they are producing a giant helicopter capable of transporting 50 combat troops a distance of more than 250 miles at speeds of more than 100 m.p.h. By contrast, the U.S. version, a 40-passenger craft, is only in the testing stages.

**"CURTAIN" REMOVER**—With Austria officially neutral by virtue of its peace treaty, it demanded that Communist Hungary remove the "iron curtain" between the two countries. Above, a Hungarian soldier, working in a mine-cleared area, cuts away the barbed wire fence that separated Nickelsdorf, Austria, and Hegyeshalom, Hungary.

Jersey-Greene Board Receives 3 Resignations

**JERSEYVILLE**—The Board of Education of Community Unit District No. 100 Jersey and Greene counties, at their meeting Wednesday evening granted a year's leave of absence to Mrs. Hazel Leak, dean of girls and librarian at the Jersey Community high school, and accepted the resignations of Robert Erwin, of mathematics department, Mrs. Nancy Hamilton of home economics and Bill Young, instructor of industrial arts.

Announcement was also made of the transfer of Dale Daugherty, athletic coach at the Jerseyville elementary school for the past five years, to a teaching position at the Jersey Community high school where he will also be in charge of the freshman and sophomore football.

Two new teachers have been employed by the board for the school term of 1956-57. They are Miss Jane Gardner of Route 2, Jerseyville, and Miss Marjorie Joan Doerning of Windsor, Ill.

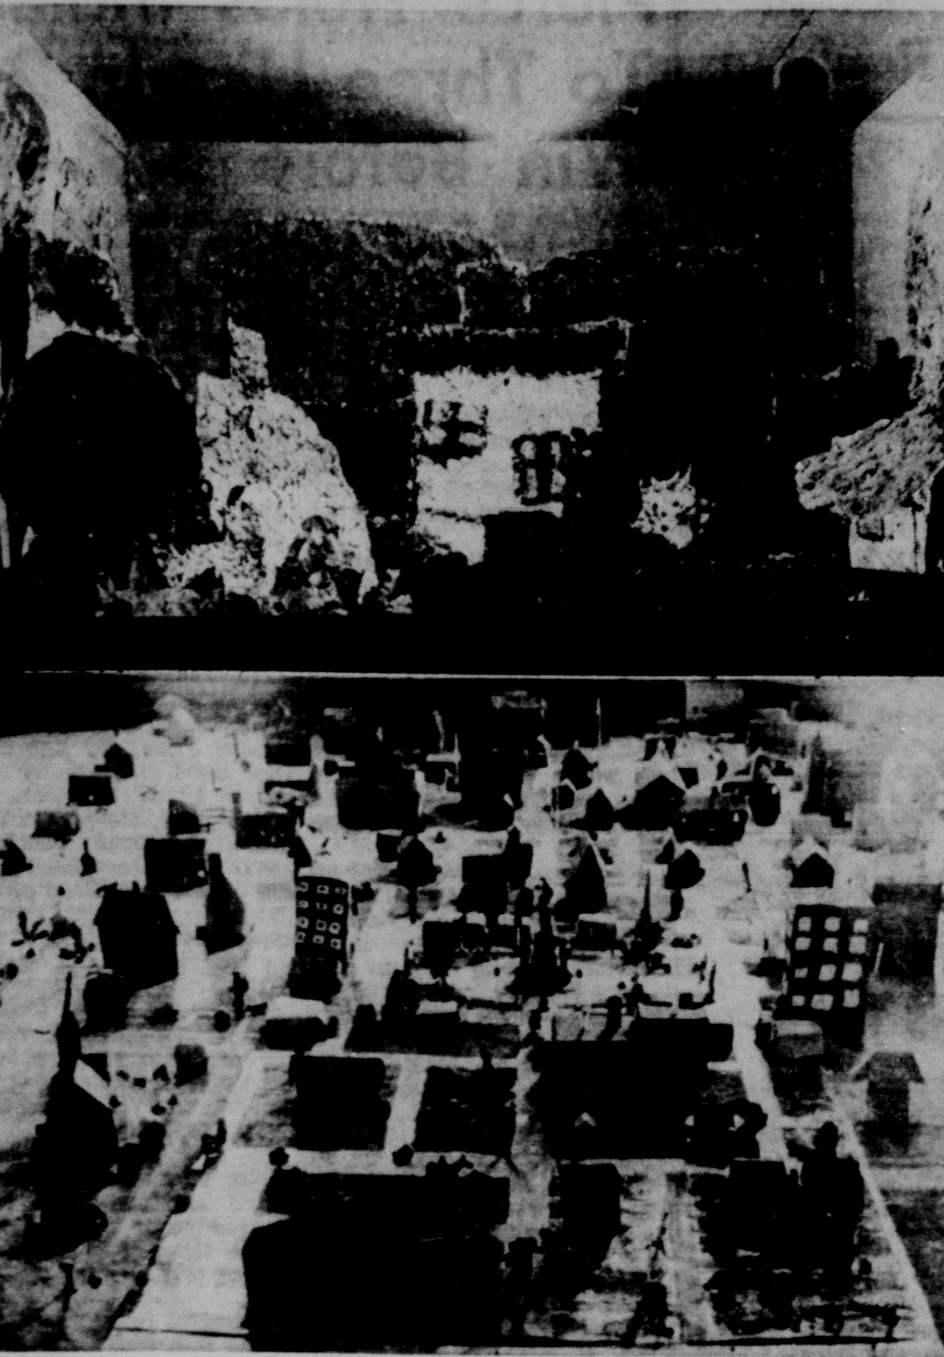

Miss Gardner who has been teaching at the McKinley school in Alton the past two years, will be an elementary teacher in Unit 100. She was graduated from the high school at Pleasant Hill and from Illinois State Teachers College at Macomb.

Miss Doerning will teach in the home economics department at the Jersey Community high school. She has a Bachelor of Science degree from the University of Illinois and has done some work toward her Master's degree. Her previous teaching assignments have been in the East Junior high school at Kankakee and in the high school at San Jose, Ill.

At the meeting Wednesday the board authorized the purchase of lockers and combination wardrobes for the addition to the Jersey Community high school and the new elementary school buildings from the Lynn A. Maunle Co. of St. Louis at a cost of \$12,980.18 including installation.

**POISONOUS SNAIL**  
LA JOLLA, Calif. (AP)—A species of snail which kills fish larger than itself with a sting and devours them whole by enveloping for digestion was described at a meeting of marine biologists. Alan Kohn, graduate student at the Hawaii Marine laboratory, said some of this snail's genus had been known to kill humans with their sting in the western Pacific area.

CONTINUE SOUTH JACKSONVILLE EXHIBIT

An exhibit of work done by art classes of the South Jacksonville school, now open to the public at the David Strawn Art House, will be continued over the week end from 3 to 5 p. m. Saturday, and also from 7 to 9 p. m. Saturday. Hours of the exhibit Sunday are from 3 to 5 p. m.

Top photo is a woodland scene by the first grade pupils of Mrs. Eva Daniels and Mrs. Marie Lansink. The lower scene depicts the Jacksonville public square, with the Central Park monument and surrounding buildings, made of construction paper and clay. Mrs. Joe Boyle is art instructor at the South Jacksonville school.

Adlai, Estes Spar In Seeking Florida Votes

**By THE ASSOCIATED PRESS**  
Adlai Stevenson has accused Sen. Estes Kefauver of uttering "weird charges" against him in an effort to win the critical Florida Democratic presidential primary next Tuesday.

"I should like to remind the nervous gentleman that there is such a thing as wanting to be president too much," Stevenson said in West Palm Beach.

What prompted this shaft at Kefauver Thursday was the senator's statement at Plant City, Fla., calling it "a remarkable thing that Mr. Stevenson has been so strangely silent" on what Kefauver called the "question of growing monopoly." The senator linked this with an assertion that Stevenson represented the Radio Corp. of America last year in an anti-trust action which Kefauver said was brought by the federal government.

Stevenson retorted that Kefauver is "wrong again" adding: "I have never represented the Radio Corp. of America in an anti-trust suit brought by the government. It was a private suit between RCA and the Zenith Radio Corp."

Kefauver went on the offensive as he and Stevenson battled to the wire for Florida's 28 votes at the Democratic presidential nominating convention in August.

Thursday, the senator wheeled out the "bossism" issue that his supporters believe worked so well for him in Minnesota, where he upset Stevenson in the March 20 primary. He did so after six of Florida's seven Democratic congressmen endorsed Stevenson's candidacy.

People who gathered to listen to his street corner talks heard the senator say, "No little handful of people should select the nominee and no handful of people should

speak for the people of Florida."

While parrying Kefauver's assaults, Stevenson got in some licks against the Republicans.

"The important issue this year is not between Sen. Kefauver and me," he said. "It is rather between those who really believe in the principles of the Democratic party and those who only pretend they do for purposes of political expediency."

Stevenson said the Republican party is "incapable of conducting a coherent, consistent foreign policy." On domestic matters, he said the Republicans have been inactive in development of water resources, broadening social security, and aiding small business.

He spoke of "three years of talk about a federal highway program."

Add a cup of grated cheddar cheese to a standard baking powder biscuit recipe and serve with an asparagus salad for lunch.

ARENZVILLE LEGION TO HOLD MEMORIAL DAY SERVICES

**ARENZVILLE**—Arenzville American Legion Post 604 will conduct Memorial Day services Wednesday morning, May 30.

Post members will meet at the Legion hall at 9 a. m. (CST). They will march to the east cemetery and hold services there, then will march to the north cemetery for further services.

**DOUGLAS URGES PROBE OF HIGHWAY SLEUTH**  
WASHINGTON (AP)—Sen. Douglas (D-Ill.) has urged the Senate to order an investigation of "slaughter" on our highways. He suggested that the Labor and Public Welfare Committee look into the possibility of uniform standards for driving licenses and "reciprocal arrangements for enforcement of state laws designed for accident prevention."

# Yanks Rout Ferrarese, Kucks Coasts To 10-2 Win Over Orioles

## Don January Tightens Hold On Dallas Centennial

DALLAS (AP)—Texas Don January's putter steamed Friday as he overcame erratic irons for a 3-under-par 67 and a tightening hold on first place in the \$30,000 Dallas Centennial Open.

The tall young man from Abilene, in the West Texas plains country, hit the 36-hole mark with 131 and a margin of three strokes over the best golf to offer.

January, never a leader before in his one year on the pro circuit, finished his round shortly before noon, then sat back and watched the hot shots of the tournament trail turn in par-shattering round after round but none low enough to catch the flying Texan.

January moved out virtually alone when Henry Ransom, the Texas rancher who shot a 65 Thursday to rest only one stroke away, skied to a disheartening 76 Friday.

Ransom had nothing but trouble—poor putting, flubbed shots, missed greens. It was worse than a scrambling round.

Almer Lawrence of Dallas, a little known pro who has played few tournaments along the tour and never finished in the money, laid down the low round of the day—a 65—that pulled him into a second place tie with Tommy Bolt of Houston, Dow Finsterwald of Bedford Heights, Ohio, and Ted Kroll, the Ft. Lauderdale, Fla., veteran.

Bolt blazed to a 66. Finsterwald and Kroll each had a 67.

## Cincinnati Beats Milwaukee 6-5 On Braves' Errors

MILWAUKEE (AP)—The Cincinnati Reds scored an unearned run for each of four Milwaukee errors, two of them by Billy Bruton, and defeated the first place Braves Friday night, 6-5.

## Redlegs Defeat Arenzville 8-0

The J. S. H. "Redlegs" defeated the Arenzville softball team on the Jacksonville State Hospital diamond last night 8-0. Jack McNeely struck out nine Arenzville players and allowed only three scattered hits.

Jim Costello led the "Redleg" attack with 2 singles and a double. The Arenzville team was guilty of 8 errors while the "Redlegs" only made one miscue.

George Manker was the losing pitcher for Arenzville.

## A's Profit By Tigers' Errors For 6-3 Win

DETROIT (AP)—The Detroit Tigers committed six errors, four of them in a single inning, to hand Lou Kretlow and the Kansas City Athletics a 6-3 triumph and sixth place in the American League Friday night.

Dave Philley hit a single to left and Doby rounded second to draw a throw. When leftfielder Al Smith threw to second, Doby continued to third and scored the winning run after Bobby Avila's throw, in an attempt to nip Philley at first, went wild. Garcia walked the next two men and Don Mossi came in to end the inning by getting Luis Aparicio on a fly to center.

The Sox waited until a zany sixth inning to score their two runs. Cleveland starter Mike Garcia had a two-hitter when Jim Rivera opened the sixth with his first home run of the year to tie the score.

Nellie Fox doubled but was out trying for third. Minnie Minoso fled deep to center. Doby singled to right and then succeeded his old teammates on the next play.

Dave Philley hit a single to left and Doby rounded second to draw a throw. When leftfielder Al Smith threw to second, Doby continued to third and scored the winning run after Bobby Avila's throw, in an attempt to nip Philley at first, went wild. Garcia walked the next two men and Don Mossi came in to end the inning by getting Luis Aparicio on a fly to center.

CLEVELAND (AP)—The Big Ten tightened its alliance with the harrassed Pacific Coast Conference Friday by approving a Rose Bowl contract for an indefinite number of years.

The action, although not unanimous, specifically okayed renewal of the Rose Bowl contract and gave the go-ahead on a continuous series which would not require periodic approval by the two leagues.

It was viewed as a vote of confidence in the Pacific Coast Conference, now in the throes of a self-discipline wave which has left UCLA ineligible for the bowl for the next three years and Washington for two.

The Big Ten's policy-making faculty representatives also approved a round-robin football schedule under which each conference team would play the other nine plus one non-conference game.

Legislation to set up machinery for the plan was expected to be approved later this weekend.

The 10-game schedule, however, can't take effect until 1961 because of present commitments. Athletic directors are expected to work on an eight-game conference schedule for the 1959-60 seasons.

The present three-year Rose Bowl contract with the Pacific Coast expires next year. Action was required Friday because Minnesota voted against renewal in a recent poll of conference members.

A committee made up of Big Ten Commissioner K. L. (Tug) Wilson, Faculty Representative George Young of Wisconsin and Athletic Director Doug Mills of Illinois was instructed to meet with a PCC committee next month to fix details of the indefinite bowl contract.

The round-robin plan now must go to each school for individual approval under the so-called White Resolution governing new conference legislation.

Approval by the member schools is considered merely a formality, however, since the plan already has cleared the faculty group.

## Michigan Yields To MSU, 10-4

EAST LANSING, Mich. (AP)—Jimmy Sack, Michigan State's heavy-hitting left fielder, hit a three-run homer to continue the MSU jinx over Michigan in a Big Ten baseball game won 10-4 by Michigan State Friday.

Sack hit his clincher in the eighth after pitcher Ed Hobaugh walked and shortstop Earl Morrall doubled.

Michigan State won three games from Michigan last spring and now has taken 9 of the last 13 games played by the traditional rivals.

Willie Mays leads the active New York Giants in the single season records. He hit 51 homers last year, drove home 127 runs and stole 24 bases. In 1954 he batted .345 to lead the Giants and the National League.

## Sievers Gets Ninth Homer Of Year As Nats Beat Bosox 10-5

BOSTON (AP)—Washington's Roy Sievers, who hits in Fenway Park as if he owns it—slammed his ninth home run of the season and second of the game in the eighth inning Friday night to help beat the Boston Red Sox 10-5.

Sievers lined a three-run smash off loser George Susce. Sievers' hit, following a two-run homer in the third, broke a 5-5 tie and featured a five run inning.

Ted Williams limped off the bench in the bottom of the eighth and slid into second, despite his ailing foot, to beat out a pinch-hit double.

WASHINGTON (AP)—The Yankees' Yogi Berra, Paul, Piersall, 4, Herzog, Sievers, 5, Gernert, Snyder, 2B—White, Jensen, Snyder, 3B—Ramos, HR—Yost, Paula, Piersall, 2, Sievers, 2, SB—Gernert, Snyder, 2, SF—Herzog, DP—Snyder to Runnels to Sievers, Left—Washington 1, Boston 10. ## Pierce Holds Indians To Three Hits In 2-1 Win Before 31,840

CHICAGO (AP)—Billy Pierce handed out the Cleveland Indians on three hits Friday night in pitching the Chicago White Sox to a 2-1 victory before a crowd of 31,840. Larry Doby scored the deciding run on some clever base running.

It was Pierce's fifth triumph against one loss and his second 2-1 decision over Cleveland. The Indians have lost all three games they have played against the Sox this season.

Pierce survived a shaky second inning in which Cleveland scored its only run and then blew down the Indians the rest of the way, allowing a lone single in the fifth by Rocco Colavito.

The Sox waited until a zany sixth inning to score their two runs. Cleveland starter Mike Garcia had a two-hitter when Jim Rivera opened the sixth with his first home run of the year to tie the score.

Nellie Fox doubled but was out trying for third. Minnie Minoso fled deep to center. Doby singled to right and then succeeded his old teammates on the next play.

Dave Philley hit a single to left and Doby rounded second to draw a throw. When leftfielder Al Smith threw to second, Doby continued to third and scored the winning run after Bobby Avila's throw, in an attempt to nip Philley at first, went wild. Garcia walked the next two men and Don Mossi came in to end the inning by getting Luis Aparicio on a fly to center.

Approval by the member schools is considered merely a formality, however, since the plan already has cleared the faculty group.

## DO ARMY DUTY IN OFF SEASON: SULLIVAN

SOUTH YARMOUTH, Mass. (AP)—Frank Sullivan, Boston Red Sox pitcher, says baseball players should be allowed to fulfill their military obligations in the off seasons.

Sullivan thus backed Ted Williams' dressing down of draft boards this spring.

"We're not in a war now," Sullivan told a church dinner Thursday night. "Baseball players are unique in comparison with other professions. They have about 10 years in which they can make good money. After that, most of them are through."

"I think some arrangements should be made so that players who must complete their armed service obligations could do so during the off season."

Sullivan was an infantry man in the Korean war.

## Prep Senior Runs Fastest Mile In U.S. Pro History

ST. LOUIS (AP)—Ron Gregory, 18-year-old high school senior, Friday ran the fastest mile in U. S. prep track history.

The Sumner High School Negro turned in a time of 4:19.2 in the annual St. Louis city public school track meet to clip three-tenths of a second off the old mark of 4:19.5.

Gregory's unofficial quarter times were 66.5, 2:11 and 3:16.

## Cyclone Fullmer Decisions Humez In Gory 10 Rounds

NEW YORK (AP)—Gene (Cyclone) Fullmer, a fierce fighting man from West Jordan, Utah, opened cuts around both eyes of France's Charles Humez Friday night on the way to a unanimous decision over the European midweight champion in a gory 10-round bout that may have produced Ray Robinson's next challenger.

Humez weighed 159, Fullmer 158 pounds.

Crowding Humez to the ropes near his own corner in a closing burst of bitter action, Fullmer slugged away in a final rally that brought the Madison Square Garden crowd roaring to its feet. They kept slugging away after the last bell.

Blood streamed from the cuts around the Frenchman's eyes throughout the fight and his once-white trunks were spattered with red stains at the end of the furious battle.

Referee Mark Conn scored it 7-3. Judge Artie Aidala 7-2-1 and Judge Leo Birnbaum 6-4 all for the welder's apprentice from Utah. The Associated Press also was for Fullmer 7-3.

As soon as Johnny Addie announced the decision, Fullmer's manager was waving to ringsiders and shouting he had a man willing to post vast sums of cash for Robinson to defend his midweight title against Fullmer at Salt Lake City later this year.

It was a bitter brawl from start to end with no knockdowns. Humez, a game Frenchman who continually marched in, throwing punches, ran into a steady barrage of counter punches. Annoyed when Fullmer's blows scraped through old scar tissue and opened cuts around his eyes, he fought back harder than ever.

## Blue Island Wins Elgin Baseball Sectional 4-1

ELGIN, Ill. (AP)—Blue Island, paced by pitcher Ed Kissel and catcher Earl Lauterjung, defeated Elgin, 4-1, Friday to win the Elgin Sectional and qualify for the state high school baseball tournament at Peoria May 30-31.

Kissel held Proviso to five hits and struck out 10 and Lauterjung put the game on ice with a two-run homer in the sixth.

Blue Island completes the field for the eight-team tournament next week.

First round pairings send Limestone against Litchfield, Freeburg against Charleston, Blue Island against Duquoin and Belvidere against Lark (Chicago).

## Bell Of Indiana Makes Best Broad Jump Of Season

MINNEAPOLIS (AP)—Indiana's Greg Bell bounded to the best broad jump recorded internationally this season, 25 feet, 11 1/4 inches, in the preliminaries of the Big Ten's 56th outdoor track and field meet Friday.

Bell's fine leap, which stamped him a top Olympic prospect, was the outstanding effort in the opening session of the two-day competition, although a 29-year-old athlete repeated as discus champion after a lapse of six years.

Minnesota's Byrl Thompson, who won the discus event in 1950 with a toss of 171 feet, 5 inches, came back to capture the same event Friday with a distance of 160-3. Thompson had dropped out of school after the 1950 season.

The discus was the only championship contested at Minnesota's Memorial Stadium during an opening program at which Michigan qualified 10 men in six preliminaries.

Finals will be held in 13 events Saturday afternoon.

Bell's 25-11 1/4 feet was only nine inches below Jesse Owens' world mark of 26-8 1/2 set in 1935, and cracked the Memorial Stadium record of 25-4 1/2 produced in 1950 by Jerome Biffle of Denver University.

Only one of the four defending individual champions, all from Michigan, was in action. That was 880 champion Peter Gray, who finished third, just qualifying, in a half-mile heat won by Murray Keatinge of Iowa in 1:55.9.

The other returning title holders, all scheduled to perform Saturday, are shotputter David Owen, polevaulter Bob Appleman and high jumper Mark Booth.

Indiana also qualified 10 to match Michigan, while Iowa was next with 9. Michigan State had 7, Northwestern and Ohio State had 6 each; Minnesota 3, and Illinois and Wisconsin 2 apiece. Purdue was blanked.

Michigan State's brawny Joe Savoldi Jr., son of the former Notre Dame fullback, turned in a creditable 14.1 clocking in winning his 120-yard high hurdle heat.

## LANDY ON WAY HOME

SAN FRANCISCO (AP)—John Landy of Australia, the great four-minute mile runner, left for his homeland Friday by plane.

## PUBLIC LINKS GOLF SET

NEW YORK (AP)—The 31st Amateur Public Links championship of the U.S. Golf Assn. will be held July 9 through 14 at the Harding Park course in San Francisco, Calif. The entry fee is \$5.

## Probable Pitchers

By THE ASSOCIATED PRESS  
Won and lost records in parentheses:

NATIONAL LEAGUE  
Brooklyn at New York—Craig (3-2) vs Worthington (1-4)  
Pittsburgh at Philadelphia—Law (1-3) vs S. Miller (1-1)  
Cincinnati at Milwaukee—Klipstein (3-2) vs Crone (2-1)  
Chicago at St. Louis—Minnier (1-3) vs Poholsky (3-2)

AMERICAN LEAGUE  
New York at Baltimore (N)—McDermott (1-2) vs Wight (1-4)  
Washington at Boston—Stobbs (2-3) vs Delock (1-2)  
Kansas City at Detroit—Herridge (1-2) vs Dittmar (3-3) vs Hoelt (3-2)  
Cleveland at Chicago—Lemon (6-1) vs Wilson (4-2) or Keegan (2-1)

ST. LOUIS (AP)—The patched-up St. Louis Cardinals, in a virtual tie with Milwaukee for the league lead, downed the Chicago Cubs 6-1 Friday night behind the steady eight-hit pitching of little Murry Dickson.

It was the second victory for the 39-year-old Dickson since his return to the Cardinals in one of Frank Lane's recent trades, and represented his first complete game of the season. He now has a 2-3 record for the season.

The only run off him was Ernie Banks' ninth home run of the season, which came in the seventh. The Cardinals played without Red Schoendienst, Rip Repulski and Bobby Del Greco, all on the injured list. An x-ray examination Friday disclosed Repulski, hit by a pitched ball last Wednesday, has an incomplete fracture of the small bone of the right wrist. The injury wasn't expected to keep him out of action for more than a few days.

Schoendienst has a sore shoulder and Del Greco an injured foot.

CHICAGO (AP)—The loss was Illinois' ninth in 14 league starts and dropped the Illini into last place.

Illinois took a 1-0 lead in the fifth when Bob Schopaw, Dave Williams and Rolla McMullin got singles—the only hits off Aehl.

In the sixth inning with two out, Aehl doubled to drive home Jack Nowka and Bob Torresani, both of whom had singled.

The victory was Wisconsin's sixth in 10 conference games and kept alive a faint Badger hope for a second place finish in the Big Ten race.

The loss was Illinois' ninth in 14 league starts and dropped the Illini into last place.

Illinois took a 1-0 lead in the fifth when Bob Schopaw, Dave Williams and Rolla McMullin got singles—the only hits off Aehl.

## Murray Dickson Hurls Cards To 6-1 Win Over Chicago Cubs

ST. LOUIS (AP)—The patched-up St. Louis Cardinals, in a virtual tie with Milwaukee for the league lead, downed the Chicago Cubs 6-1 Friday night behind the steady eight-hit pitching of little Murry Dickson.

## Chicago Livestock Market Report

CHICAGO (U)—Butcher hogs and sows sold steady to 25 cents higher Friday but the top at \$18.25 was off 25 cents from the previous session.

Buyers paid \$17.50 to \$18.25 for most 190 to 260-pound butchers and \$16.75 to \$17.50 for 270 to 310-pounders. Sows were taken at \$14.75 to \$15.75. Salable receipts totaled 6,000.

Steers and heifers were very scarce in the cattle section, as usual on a Friday. They were called nominally steady. Best price was \$22.00 for a few prime fed heifers.

Cows sold steady to strong at \$11.50 to \$13.50 for utility and commercial and \$10.00 to \$12.25 for canners and cutters. Vealers lost \$1.00 at \$20.00 to \$24.00 for choice.

All classes were quoted nominally steady in the sheep section, where salable receipts totaled 200. A few low good shorn lambs were sold at \$22.00.

CHICAGO (U)—USDA—Salable hogs 6,000; general market fairly active, steady to mostly 25 higher on butchers; up more at close; sows steady to 25 higher; No. 1 and 2 under 230 lb. absent; No. 1 to 3 190-225 lb. butchers 18.00-25; No. 2 and 3 190-260 lb. 17.50-18.00; numerous sales 240 lb. and lighter; 17.75 and above after the early rounds; 270-310 lb. 16.75-17.50; few small lots 160-180 lb. 15.50-17.50; 330-400 lb. sows 14.75-15.75; 275-325 lb. to 16.00; good clearance.

Salable cattle 1,000; salable calves 200; steers and heifers very scarce, steady; cows steady to strong; bulls weak; vealers 1.00 lower; few prime fed heifers up to 22.00; few steers and heifers 17.25-20.50; utility and commercial cows 11.50-13.50; canners and cutters 10.00-12.25; utility to low commercial bulls 13.50-15.00; choice vealers 20.00-24.00.

Salable sheep 200; market nominally steady all classes; a few low good shorn old crop lambs 80 lb. with No. 1 pelt at 22.00; cull to choice shorn slaughter ewes 3.50-5.00.

## E. St. Louis Livestock

NATIONAL STOCK YARDS, ILL. (U)—(USDA)—Hogs 9,000; bulk mixed U. S. No. 1, 2, 3 180-240 lb. 17.25-50; several loads mostly No. 1, 2, some No. 3 17.75; about 70 head mostly No. 1 around 200-220 lb. 18.00; mixed grade 250-290 lb. 16.50-17.25; 150-170 lb. 15.75-16.25; 120-140 lb. 14.25-15.25; sows 400 lb. down 14.75-15.25; heavier sows 13.50-14.50; boars over 250 lb. 9.25-9.50; lighter weights to 11.00.

Cattle 500; calves 400; steers and mixed yearlings, mainly commercial and good, 17.00-18.50; individual heads to 19.00; few medium quality around 700 lb. stock steers 16.00; utility and commercial cows 11.50-12.00; some lightweight low utility dairy breeds low as 11.00; canners and cutters 8.50-11.00; shelly canners 7.50-8.00; commercial bulls up to 14.50; individual light weight butchers 15.50; canner and cutters 10.00-12.00; choice vealers largely 21.00-22.00; high choice and prime 24.00-25.00; good and choice 17.00-21.00; cull and commercial largely 10.00-16.00; few extreme light cull down to 8.00.

Sheep 400; most good and choice few prime spring lambs 23.00-25.00; small lots choice and prime 25.00; few utility and good lots 18.00-21.00; part cull good to mostly choice shorn lambs No. 2 pelt 22.00; cull to good shorn slaughter ewes 3.00-5.00.

## CHICAGO CASH GRAIN

CHICAGO (U)—Cash wheat none. Corn sample grade yellow 1.46 1/2-1.52 1/2. Oats No. 1 extra heavy white 71 1/2-72 1/2. No. 1 white 71 1/2. Sample grade extra heavy white 69 1/2. Soybean oil 14 1/2. Soybean meal 61.00-61.50. Barley nominal; making choice 1.30-40; feed 1.02-12.

## BUTTER MARKET

## GRAINS LOSE UNDER SELLING PRESSURE

By WILLIAM FERRIS

CHICAGO (U)—A relentless selling movement sent all grains spinning lower on the Board of Trade Friday.

Wheat and old crop soybeans were the main targets for the selling but nothing was able to escape. Dealings became active on the downturn. Minor rallies quickly faded each time they were attempted.

Wheat closed 2 1/4-3/4 lower, corn 1 1/2-3/4 lower, oats 1 1/4-1/2 lower, rye 1 1/2-3/4 lower, soybeans 1 1/4-3/4 lower and lard 23 to 25 cents a hundred pounds lower.

The selling carried July wheat down to a point where it was only 1 1/2 cent above the \$2.00 mark. In recent years wheat futures have slipped under \$2.00 at harvest time but many grainmen have felt this would not happen this year.

Main reason for the selling was the belief receipts of cash wheat at southwestern market will be heavy Monday, possibly leading to hedging pressure.

The other real weak spot in the market was old crop soybeans. Cash soybean oil was down 1/4 to 1/2 cent at 14 1/2 cents a pound, a loss of 1 cent for the week.

Bulls in old crop soybeans were disappointed by the fact export business in soybean oil has slackened. While numerous countries have been mentioned as potential buyers, they have been postponing purchases. This indicated no urgent demand for oil, traders felt.

Corporate volume declined to \$3,810,000 par value from \$4,230,000 Thursday.

## New York Bond Market

NEW YORK (U)—The bond market finished lower Friday after utilities and rails ran out of steam, lost their early gains and closed on the downside. Investment issues were firm and industrials narrowly mixed.

U. S. Government bonds were relatively active and posted their best gains of the week in the over-the-counter market.

Corporate volume declined to \$3,810,000 par value from \$4,230,000 Thursday.

## New York Stock Market

By ED MORSE

NEW YORK (U)—A strong rally, a bad sinking spell and a stretch of irregular price movements left the stock market in a mixed pattern Friday.

On average, the market took its fifth straight setback of the week but among leading issues the winners and losers were pretty evenly divided.

The market was higher at the start. Gains ranged to 3 1/2 in all divisions. Then profit-taking took effect.

Well before noon a sweeping decline was under way and most early gains vanished. Losses ranged to around 3 1/2. By early afternoon, however, prices were churning and the market started that way to the close, although some slight improvement was noted as the session ended.

The Associated Press average of 60 stocks declined 20 cents to \$177.40, with the industrial component up 10 cents, the rails down 30 cents and the utilities down 40 cents.

Volume totaled 2,570,000 shares compared with 2,600,000 Thursday. The performance of the market was again regarded as mainly a technical adjustment by Wall Street observers. They noted there was no reaction whatever to the statement by GM President Harlow H. Currier that consumer goods industries are being affected by a contraction in consumer spending.

After declining for three weeks, it was said, the market seems still to be seeking a level from which it might rally.

The early rise was the strongest such action this week and it looked for a while as if the long-awaited rally was at last under way.

At the close, most divisions were fairly irregular, but the steels were well ahead of the game.

On the American Stock Exchange prices also were irregular. Volume totaled 840,000 shares compared with 1,060,000 Thursday.

## Markets At A Glance

NEW YORK (U)—

Bonds—Mixed; governments in demand.

Stocks—Mixed, selected issues higher.

Cotton—Steady; trade demand.

CHICAGO

Wheat—Very weak; expanding harvest.

Corn—Weak; upset by wheat decline.

Oats—Weak; down with wheat.

Soybeans—Weak; soybean oil lower.

Hogs—Steady to 25 cents higher; top \$18.25.

Cattle—Steers nominally steady; top \$22.00.

POULTRY MARKET

CHICAGO (U)—Live poultry quiet; receipts in coops 357; (Thursday) 406 coops, 75,000 lb.; light hens 16.5-19.5; old roosters 15-16. (Broilers or fryers, caponettes not quoted).

Canned figs team well with fresh orange sections for a dessert.

## Social Security Bill Faces Fight On Senate Floor

WASHINGTON (U)—A Social Security bill tailored to fit administration wishes was finally approved by the Senate Finance Committee Friday and sent to the Senate.

Sen. Long (D-La.) served notice that he will wage a floor fight to restore administration-opposed provisions to lower the retirement age for all women from 65 to 62, and to set up a system of payments to totally disabled persons starting at age 50.

Both provisions were included in the bill passed by the House last year. The Senate committee rejected the disability payments plan completely and limited the lower retirement age for women to widows only.

The committee also knocked out a proposed tax increase to pay for the added benefits. This would amount to an additional 1/2 percent each for employers and employees on the first \$4,200 of annual earnings.

## Ludwig Funeral Friday Morning

Funeral services for Mrs. Laura Belle Ludwig were held at 10 o'clock Friday morning at the Williamson funeral home. Rev. William J. Boston and Rev. Milton Schroeder officiated. Mrs. Francis Arbel presided at the organ.

Floral tributes were cared for by Mrs. Merle Wade, Mrs. Orman York, Mrs. Charles Wolke, Mrs. Paul Ames, Mrs. Raymond Davidson, Mrs. Edwin Ahlquist and Miss Rosella Summers.

Palbearers were Edwin Ahlquist, Edwin Saye, Wesley W. Sperry, Harry Story, Merle Wade, Loren DeFreitas, Clyde Fitch, Orman York. Interment was made in the Diamond Grove cemetery.

## DATES OF COMING EVENTS

## Dulles Warns U.S. Estimate Of Soviet Threats Not Altered

(Continued from Page One)

said "they are direct accomplices in the crimes charged to him."

While making it clear he spoke only for himself, Knowland said he was "greatly shocked that some of our good citizens have been taken in by such a proposal."

The Joint Chiefs of Staff and the White House Thursday did about everything possible to make clear to Russia that if the JCS

members were invited to pay a military visit and inspect forces in the Soviet Union they could be expected to accept.

The only thing before the government here, however, was an informal invitation from Marshal Vasil Sokolovsky to Gen. Nathan Twining, Air Force chief, suggesting he send two or three high level officers to the Aviation Day celebration.

Although Everett was assigned to the retraining company after failure to obey orders on two occasions Monday, Captain Jackson said the assignment was not a punishment.

The body of Everett was to be sent Friday night from Waukegan, Ill., near Great Lakes, to Huntington, Tenn., accompanied by a naval escort, for burial.

## Investigate Death Of Naval Recruit

(Continued from Page 1)

pital where he died a few hours later.

Rawls said the drill was conducted in the sun and consisted of "the manual of arms, facings and close order marching." None of the other five men assigned to the unit complained of the heat, Rawls said, but one other man was sent to sick bay before noon.

## Seek Bartender In Slaying Of Heiress

(Continued From Page One)

debury, Vt., they said.

A report from California authorities said Boswell was arrested in Los Angeles in 1942 on suspicion of burglary and again in 1947 on an unspecified charge at Oroville, Calif. Later in 1947 he was listed as wanted for escape.

Investigators said the woman apparently was strangled with the belt of a housecoat. The belt was found under the body, which was clothed in a polka dot dress and dark sweater. Her panties were found on the floor of the closet.

Hawkins said Mrs. Van Rye "had no substantial money in her own name, but her inheritances would have been substantial."

One of her three cars, a 1953 station wagon, is missing, Sheriff Smith said.

## Sees Hope For Unity In Europe

(Continued From Page One)

He also spoke briefly with Gov. Allan Shivers, a Democrat who bolted his party to lead Texas into the Republican column in the 1952 presidential election. Shivers recently lost control of state party machinery to Sen. Lyndon B. Johnson (D-Tex.), who says the Democratic presidential nominee this year.

Eisenhower gave no specific details on his suggestion that American universities establish worldwide science and cultural centers. He said such centers should be set up without trying to "transplant into a new area the attitudes, forms and procedures of America," and that they should be staffed and conducted by the people in each area.

## Hold Husband On Murder Charge In Mercy Killing

CHICAGO (U)—A 34-year-old man was held Friday on a murder charge after telling authorities he killed his wife because he "just couldn't stand" seeing her suffer from illness.

Robert O. Schreckenberg, a bus driver and parttime cab driver, was placed in DuPage County jail at suburban Wheaton Thursday night after directing authorities to the body of his wife, Dorothy, 27.

## Springfield Pastor Will Give Address To I. C. Graduates

Dr. Richard Paul Graebel, pastor of the First Presbyterian church in Springfield, will deliver the commencement address Sunday, June 10, at Illinois College. The subject of his address will be "Humanity In a Time of Uncertainty."

In making the announcement Dr. L. Vernon Caine, president of the college, said that Dr. Graebel will be presented with an honorary degree of Doctor of Humane Letters, at the commencement exercises.

DR. RICHARD PAUL GRAEBEL

## Baccalaureate Sermon Sunday At Carrollton

CARROLLTON—The Rev. John Finnan, pastor of the Baptist church in Eldred will deliver the sermon at the annual baccalaureate service to be held Sunday, May 27 at 8 p.m. in the local Methodist church honoring the graduating class of the Carrollton Community Unit High School.

The church's chorus of the school will sing Stillman's arrangement of "I Believe" and "The Twenty Third Psalm" by Davis. The professional and recreational will be played by Mrs. Donald Langer, the church organist. The Rev. Robert Plisch, pastor of the church will give the invocation with the Rev. Elmer Satterlund of the Presbyterian church reading the scripture. The benediction will be given by the Rev. Glenn Manis, pastor of the local Baptist church.

## Martin Kirbach, Greene County Stockman, Dies

CARROLLTON—Martin C. Kirbach, 77, well known Greene county farmer and stockman, died at 10 o'clock Thursday night at his farm home on Route 108, west of Carrollton. He had been in ill health for several months.

Mr. Kirbach was born near Carrollton, Nov. 15, 1878 the son of the late Mr. and Mrs. Francis X. Kirbach.

He was united in marriage with Anna Heinrichs, February 13, 1906. They celebrated their Golden Wedding anniversary this year.

Mr. Kirbach was a member of Holy Name Society of St. John's Church and was a fourth degree Knight of Columbus.

Surviving are the widow; two daughters, Mrs. Peter Steinhacker and Mrs. Joseph Alfeld, both of Carrollton; three sons, Clem Kirbach, Jerseyville; Clarence and Raymond Kirbach, both of Carrollton; five brothers, N. J. Kirbach, Frank Kirbach, Henry Kirbach and Bernard Kirbach, all of Carrollton and John Kirbach of Greenfield; one sister, Mrs. Peter Banghart, Carrollton. There are seven grandchildren.

Funeral services will be held in St. John's church Monday morning at 9 o'clock with burial in St. John's cemetery.

The body was taken to the Mehl Funeral Home and will be removed to the residence Saturday afternoon at 4 o'clock.

Friends may call at the residence after that hour.

**OUT OF STATE CRASH**

## Public To See Young Creative Dancers Perform

The creative dance classes for children will present an annual dance demonstration this Saturday morning, 10:00 a.m., at MacMurray College Hardtner gymnasium which is located behind Main Hall. Everyone is welcome; there is no admission fee.

The program will consist of a demonstration of techniques, skills, and methods used in teaching plus more complete dances performed singly and in groups. Percussion instruments, stories, records, and poems will be used for accompaniment.

The aim of the program is to show what dance experiences the children have been having during the seven months of study. The demonstration has grown naturally out of these experiences. It will be very informal.

Three groups will participate—6-7 year-olds, 8-11 year-olds, and 12-13 year-olds. In the first group are Karen McCurdy, Sally Ann Darwent, Dorothy Covey, Sandy Brown, Andrea Heiss, Katy Flower, Susan Baus, Susan Abbott, Julie Jameson, and Christine Armstrong. In the second group are Susan Fricke, Patsy Mudgett, Chrissie Engelbach, Susan Couture, Janet Weller, Linda Covey, Jeanne Hemphill, Ellen Rammekamp, and Jean Armstrong. The last group is made up of Harriette Cole, Christine Cleeland, Susan Weller, Betsy Applebee, and Susan Begg. Mrs. Severyn T. Bruyn is the instructor.

## Elect Delegates From Chapin To District Meeting

The regular meeting of the Chapin American Legion Auxiliary was held at the Legion Home with the president, Ruth Six, in charge. The secretary's report was given by Barbara White and the treasurer's report by Lucille Magelitz.

The poppy chairman, Beulah McDaniel, announced that Poppy Day will be Saturday, May 26. Announcement was made that the Twentieth District convention will be held in Virginia, Illinois, on June 12. The following delegates were elected: Beulah McDaniel, Nellie Hymes, Ada White, Anna Lakamp, Adelaide Brockhouse; Alternates, Treah Nash, Della Anderson, Reba Willard, Ruth Six and Lucille Magelitz. Election of officers will be held at the next meeting on June 20. The following were appointed on the nominating committee: Ann Hymes, Beulah McDaniel, Lucille Magelitz, Barbara White and Ruth Callaway.

## Graduates Will Be Honored At Bethel Church

The Sunday school of Bethel A.M.E. church will honor the high school and grade school graduates at a recognition service Sunday afternoon at the church from 3 to 5 o'clock. Farrell S. Patterson, senior counselor at Jacksonville high school, will be the speaker.

Musical numbers on the program are vocal solos by Miss Zella Ruth Woods and William Norvell, III, a trumpet solo by Ronald Pierre Portee and a violin duo by Miss John Adams and Malcolm Portee, accompanied by Miss Linda Joyce Wright.

A social hour in the church annex will follow the program. Mrs. Margaret Mitchell is superintendent of the Sunday school and Rev. M. Boyde Patrick is church pastor.

## Asks \$7,500 In Alienation Suit

A suit asking judgment of \$7,500, alleging alienation of affections, has been filed by Michael Hetzel against Harry Timmons in Morgan county circuit court.

The suit sets forth that Hetzel and his wife, Luna, were married Jan. 17, 1935, and separated April 29, 1954. Hetzel alleged in the suit that the defendant induced Luna Hetzel to file divorce proceedings in Morgan county, and that on trial of the divorce matter the complaint of the plaintiff's wife was dismissed.

The suit was filed by Attorney John W. Curren of Springfield, representing Hetzel.

## BOY HURTS ANKLE AT SCHOOL PICNIC

Wayne Edwards, Jr., 9 years old, got a tough break Friday morning at the Waverly school picnic at Nichols park. The boy is reported to have caught his right foot in a hole, twisting his ankle and causing an injury.

The boy was taken to Our Saviour's hospital for X-ray examination.

## ILLINI LOAN CO.

Phone CH 5-7819, over Kresge 5 & 10c store.

**Graduation Specials**  
Girls' dresses, boys' suits.  
Thrifty Shop, Congregational Church. Open every Sat. 10 till 4.

More than 160 persons, members of the Jacksonville Chamber of Commerce and their wives, attended the annual meeting held Thursday evening at the Dunlap hotel.

Two citations for accomplishment were made. The new officers were introduced, retiring directors were congratulated and new directors were welcomed. The principal address of the evening was made by Dr. Frank Beach, University of Illinois professor of marketing and consultant to many sales organizations. (Photo shows Beach at the speakers' table, and a portion of the audience).

## Parents Of Blind To Attend Institute Here

**Introduces Directors**  
After cocktails and a roast beef dinner, George Kroy, manager of the Dunlap hotel, extended the formal welcome. A. W. Applebee, retiring president, introduced the following directors: Retiring after two years of service: Gordon Walker, Ray Schrempf, Robert Caldwell, Robert Curry and Ray E. Miller.

Those with one more year to serve: William T. Wilson, Sam Pack, E. W. Brown, Rollyn Trotter and H. A. Anderson. Newly elected directors: R. Karl Baker, John Bomke, Milton Culbertson, Harry Dowland, Dr. Robert Hartman and Yorker Smith.

The president presented a plaque to Clarendon Smith for being the high man in the Contact club, which is responsible for keeping up the membership roster of the local C. of C.

**Anderson New President**  
H. A. Anderson, the new Chamber of Commerce president, presented a plaque to Applebee in commemoration of his services as president of the organization.

Other new officers announced were Clarendon Smith, vice president, and Rollyn Trotter, treasurer.

Mayor Ernest L. Hoagland extended greetings to the organization.

In his address Dr. Beach stressed the human influence in daily living and discussed the development of an effective personality—one that would captivate the prospective customer and would keep him a customer for life.

Three MacMurray students, Miss Polly Dawson, Miss Linda Smithy and Miss Sylvia Anderson, sang several numbers. They were accompanied by a fellow student, Miss Jess Ewert.

The deceased was a member of the Pioneer Rebekah Lodge, the Methodist church and WSCS and the Woman's Club, at Winchester. She was a retired school teacher having taught both in Missouri and Illinois. In Scott county she taught at the Liberty and the News schools.

## School District Employees To Be Honored Sunday

The new high school gymnasium will be the scene of a public reception on Sunday, May 27, in honor of retiring personnel in the local school district. The hours are 3:30 to 5 p.m.

Those retiring are M. Bea Loomis, secretary to the Board of Education; Amy Roach, math teacher in David Finney Junior high school; Mae Hunt, manager of the high school cafeteria; Martha Stone and Helen Evers, cooks in the high school cafeteria; Elsie Tendick, head cook in Murrayville school; Oliver McIltrath, sixth grade teacher at Murrayville, and Clarence Coffman, custodian of Lafayette school.

All friends of these people and of the schools are invited to attend.

## WESLEY CHAPEL SOCIETY PLANS PROGRAM JUNE 1

The Wesley Chapel WSCS will meet Friday, June 1 instead of June 7, as scheduled. The meeting will be held at 3:00 (DST) at the social room of the church.

The worship service will be led by Mrs. Ethel Meggison, and the program is to be given by Mrs. Norma Wilson.

Hostesses will be Mrs. Mary Ruth Middleton, Mrs. Gladys Mawson and Mrs. Dorothy Headen.

**Hear the Sermon "REINCARNATION"**  
**Grace Church**  
**Sunday, 10:45**  
Frank Marston, preaching

## Salem Lutheran Guild Officers Named For Year

The annual meeting of Salem Lutheran Guild was held with a potluck supper with 18 members and guests in attendance. Rev. H. Rose gave the opening devotion and also gave a short address and group singing was enjoyed. Mrs. Robert Schirmer favored the group with a vocal solo accompanied by Mrs. R. H. Davidsmeyer.

Mrs. Leon Gierke presided at the business meeting. The annual reports of the various committees were given by the committee chairmen.

The nominating committee composed of Mrs. Harry Weghoff, Mrs. J. R. Davidsmeyer and Mrs. Leon Gierke presented the following slate of officers which was unanimously elected: co-chairmen Mrs. James Mathews and Henry Meyer; vice president, Mrs. J. W. Davidsmeyer; secretary, Mrs. John Schulz and Mrs. Bernard Unken who was re-elected as treasurer.

Mrs. A. W. Brueshoff, delegate to the 11th annual convention of the L.W.M.L. held recently in Decatur gave an interesting report of the meeting. Mrs. Earl Nortrup was recently enrolled as a new member. The meeting closed with the singing of a hymn.

## George Northrop Found Dead Near Home In Glasgow

GLASGOW—George Northrop, a 62-year-old World War I veteran who had lived alone here since the death of his mother in 1947, was found dead in the yard of his home shortly before 9 a.m. Friday.

Death ended an illness of several months, during which Northrop had been a patient at Jefferson Barracks Military Hospital in St. Louis.

A neighbor, Mrs. Charles Roper, was the first to notice the man's body lying near the side porch of his home. She called her husband, who examined the body and notified relatives.

A lifetime resident of the Glasgow community, Northrop was born near the village, the son of the late Sybil and Hattie Fundel Northrop. His father died in 1939.

Northrop never married. He operated a farm until poor health forced his retirement.

He was a member of Julian Wells Post of the American Legion in Winchester and belonged to the Modern Woodmen of America.

Surviving are three brothers: Harvey Northrop of Alsey, Joseph Northrop of Glasgow and Conrad Northrop of Roodhouse; one sister, Mrs. Charlotte Walk of Montezuma, Ill.; and several nieces and nephews.

## Dredge Master Tells Of Staying With His Vessel

MILWAUKEE (AP)—A 65-year-old dredge master told a Coast Guard board of inquiry Friday that he stayed with his vessel as it heeled wildly in a Lake Michigan storm until he was swept overboard by 15-foot swells.

Martin Walsh of Chicago was the first of 10 survivors of Wednesday's dredge tragedy off Milwaukee's harbor to be called for testimony by the three-man board.

Nine members of the crew lost their lives when a guide line broke, freeing the dredge's huge boom and bucket, which swung from side to side and capsized the vessel while it was under tow by a tug.

Walsh said there was a 14-foot lifeboat aboard the dredge but crewmen decided they'd rather trust lifejackets than the small boat.

"I didn't jump," he said. "The seas knocked me off."

He suffered exposure and bruises in the accident. He said he didn't know how long he was in the water before he was rescued, but that he clung to a floating door until picked up by the tug.

The family will meet friends at the funeral home Saturday afternoon and evening.

**FREIGHT TRAIN CAR CARRIES STRANGE OVERHEAD**  
ST. PAUL, Minn. (AP)—A Burlington Road freight train eased into the yards Friday looking perfectly normal except for an overhead signal bridge draped over one of the cars.

It took hours of tracing before officials learned how it got there or where it came from.

They discovered that a load of steel girders in one of the cars shifted somewhere near La Crosse, Wis., en route from Chicago to the Twin Cities.

The girders protruded far enough to clip off several signal posts along the way. When the train got to Battle Creek Park near here the girders brought down the whole overhead signal tower and gave it a piggy-back ride into St. Paul.

Burlington, Great Northern and Northern Pacific traffic was rerouted over Milwaukee Road tracks while workmen got a new tower in operation.

**STROLLING LIONS CAUSE STIR**  
MADRID, Spain (AP)—Three lions escaped from a French circus Friday for a stroll along Madrid's streets. They caused quite a stir but not much damage and were all back in their cage after a two-hour roundup.

## Casler & Stapleton Recommend Pipe Line To Galesburg Council

GALESBURG, Ill. (AP)—An engineering firm has recommended that Galesburg relieve its water shortage by constructing a 30-mile pipeline to the Mississippi River.

Kenneth Stapleton, partner in the Jacksonville, Ill., engineering firm of Casler and Stapleton, said the water would be taken from sand strata 190 feet below the surface of the Mississippi.

He estimated the cost at five million dollars. Stapleton outlined the project Thursday night in a report to a special City Council meeting attended by a citizen's water committee.

Casler & Stapleton were consulting engineers for the Jacksonville water transmission line to the Illinois river, which is now serving that community.

Stapleton said the pipeline system would meet Galesburg's water needs for the next 75 to 100 years.

Maximum capacity of the system was estimated at 24 million gallons per day. The city's normal daily consumption in summer is seven million gallons and three million in winter.

Galesburg's present system of deep water wells has a daily capacity of seven million gallons but a drop in capacity has been noted in recent years.

Stapleton said it was impractical to dig new deep water wells because the area's water table showed a decreasing water potential yearly.

Cost of the pipeline, if approved by a voters' referendum, would be financed by general obligation and revenue bonds.

The lack of adequate water supply, city officials have said, has hampered the city's plan of attracting new industry.

## Funeral Services

**Mrs. Warren Mains**  
Funeral services for Mrs. Warren Mains will be held Sunday afternoon at 2:30 o'clock at the Bates Funeral Home in Bluffs with the Rev. Harold Dodson officiating. Burial will be in Fairview cemetery.

**George Northrop**  
GLASGOW—Funeral services for George Northrop will be held at 3:30 p.m. (DST) Sunday in the Glasgow Baptist Church with the Rev. Richard Shewmaker officiating. Burial will be made in Glasgow cemetery. The body is at the Cunningham Funeral Home in Winchester, where the family will receive friends Saturday afternoon and evening.

**Lenora McDonald**  
WINCHESTER—Funeral services for Lenora McDonald will be conducted at 2 p.m. (DST) Sunday at the Cunningham Funeral Home in Winchester. The Rev. Roy Goodell will officiate, with burial to be made in Winchester city cemetery.

The family will meet friends at the funeral home Saturday afternoon and evening.

**MT. STERLING ON DAYLIGHT TIME**  
MT. STERLING—Clocks and watches in this city will move ahead one hour at 2 a.m. Sunday, May 27, according to the terms of an ordinance passed Thursday night by the city council.

The city will remain on daylight saving time until 2 a.m. Sept. 30.

City residents approved the adoption of "new time" in a recent advisory election.

**LOOKOUT FORGETS TO SING**  
EAST ST. LOUIS, Ill. (AP)—A 55-year-old man told detectives Friday the only reason they caught him in a gambling raid was that a lookout failed to sound his singing warning soon enough.

Henry Byrd, a Negro, explained his bad luck after 20 or 30 other Negroes stamped into the early morning darkness when the lookout, using a World War I tune, "Over There," sang out: The cops are coming; the cops are coming; you better start running; you better start running."

"I'm 55 years old," Byrd said, "and not as spry as the others. If he had started singing a little earlier, I would have had time to make it."

Byrd's tardiness cost him a \$25 fine.

**FRANKLIN, ILL. BOY UNDERGOES SURGERY**  
Eleven year old Donnie Campbell, son of Mr. and Mrs. J. Harold Campbell of Franklin, underwent an emergency operation for relief of appendicitis Tuesday evening, May 22, at Our Saviour's hospital here. His condition is regarded as satisfactory. Donnie is a pupil in the fifth grade at the Franklin elementary school.

## Garrett Institute Professor To Be College Speaker

Dr. Rockwell C. Smith, professor of Rural Church Administration and Sociology, of Garrett Biblical Institute, Evanston, Ill., will be the speaker of MacMurray College at 10:45 a.m. on Sunday, June 3. The baccalaureate services are held each year in Annie Merner Chapel.

DR. ROCKWELL C. SMITH

Dr. Smith has been professor of Rural Church Administration and Sociology at Garrett Biblical Institute since 1940. He was a pastor of Methodist churches in Indiana, Massachusetts, Wisconsin, and Illinois for over 13 years.

Two books have been written in recent years by Dr. Smith which have attracted considerable attention. "The church in our Town" which was published in 1945, was selected as one of the 50 significant new religious books of the year by the American Library Association. This volume was issued in a revised edition in 1955. "Rural Church Administration" is Dr. Smith's second book. This was published in 1953. He also has a chapter on "Religion and Family Life" in the text "Marriage, Family, and Parenthood," by Becker and Hill, 1948.

## Piano Pupils To Give Recital At Chapel Sunday

Miss Berniece Copeland will present pupils of her piano class in a recital Sunday afternoon, May 27th at 3:30 p.m. in Jones Chapel on the Illinois College campus. The public is cordially invited.

The following pupils will appear:

Ellen Sue Barnes, Carol Ann Becker, Joyce Black, Mary L. Bossarte, Joyce Bradshaw, Kathy Collins, Linda Collins, Joyce Devlin, Susan Fricke, Jim Fairchild, Dean Fricke, Shirley Fricke, Virginia Gronsteth, Susan Gregory, Joan Langdon, Jerry Langdon, Bonnie Luttrell, Joan Martin, Bonnie McCord, Donald Nortrup, Gloria Nash, Ted Olson, Sandra Pile, Nancy Ransdell, Nancy Ray, Nancy Robinson, Sue Seacrest, Judy Scott, Suelen Stiltz, Mary Stewart, Ruth Slevers, Becky Sanders, Bill Sanders, Ruth Stewart, Janet Schumacher, Peggy Shanley, Caravonne Thady, Ricky Thady, Jeanine Underbrink, Janice Vortman, Alma Kay Webster.

## Darrol G. Wade Buried In Pike

WINCHESTER—Funeral services for Darrol Gene Wade were held at 2:30 Friday afternoon at the Cunningham Funeral Home in Winchester with the Rev. Joe Maynard, minister of Detroit Christian Church, officiating.

Mrs. Phil Casteele of Pittsfield sang "The Lord's Prayer" and "Beyond the Sunset," accompanied by Mrs. Louis Stone of Pittsfield at the organ.

pallbearers were Glenn Chaplin, Robert Robinson, William Moss, Cleo Pressley, William Pressley and Charles Mitchell.

Those caring for the flowers were Helen Robinson, Pearl Pressley, Shirley Robinson, Alice Curtis, Ellen Wade and Geraldine Wooley.

Burial was in west cemetery at Pittsfield.
